

RENEW YOUR MEMBERSHIP WITH
THE CHILDREN'S LEAGUE
OF MASSACHUSETTS

Dear Valued Member,

Thank you for being a member of the Children's League of Massachusetts! Your partnership, expertise, and commitment continue to be the driving force behind CLM's advocacy. Your participation in the League means CLM ensures our members' voices, successes, and challenges are heard and addressed in the Legislature and with the Administration; and keeps a spotlight on important long-term topics in child welfare.

Together our League:

- Secured additional enhancement funding from economic development and pandemic relief dollars to support workforce recruitment and retention.
- Passed the Foster Parents' Bill of Rights, ended child marriage in Massachusetts, closed a loophole preventing some adoptees from accessing their original birth certificate, and advanced other critical pieces of CLM's priority legislation through Committees and closer to final passage.
- Secured increases to state investments in Chapter 257 rates, Family Support and Stabilization, Family Resource Centers, Child and Adolescent Mental Health Services, the Center on Childhood Trauma and Wellbeing, and other line items that support the health, safety, and well-being of children, youth, and families.
- Amplified members' voices and perspectives to the incoming Healey Administration, with Legislative leaders who oversee our issues, and in important state-led commissions including the Juvenile Justice and Policy Data Board, Child Trauma Task Force, Children's Behavioral Health Advisory Council, the Families and Children Requiring Assistance Advisory Board, and other formal and informal agency conversations.
- Brought state and national leaders into conversation with our members at our monthly member meetings and other convenings.

Renewing your organization's membership for FY2024 will be critical for building on that momentum.

Over the next year, CLM will continue working to position children, youth, families, and the human services workforce as top-level priorities for Governor Maura Healey and her Administration. We are already deep into a new legislative session with many issues from our sector on the table, including documenting and confronting disproportionality in child welfare, proposed reforms to the system of helping Children Requiring Assistance, lifting kids and families out of deep poverty, and other issues that directly affect providers, youth, and families.

Our goals remain clear: to ensure families have the tools they need to thrive; that the child welfare system operates as efficiently and effectively as possible to keep kids safe and healthy; and that the state lives up to its responsibilities to the children, youth, and families it brings into the system.

We can't do this work without you!

The attached packet has more details on our League, the benefits of membership, and the steps for renewing either online or by mailing the enclosed form. CLM will invoice your organization for your dues once the form is received and reviewed. To continue your benefits uninterrupted, we ask that you renew prior to the expiration of your current membership on June 30th.

If you would like to continue your membership but have questions or concerns about renewing, please be sure to reach out to either Shayna Parker or Rachel Gwaltney by phone or email.

We look forward to another year of partnership and progress in service of the Commonwealth's children, youth, and families.

Sincerely,
Your CLM Team

CLM'S APPROACH

Our Focus

As a membership association, the Children's League leads advocacy efforts to confront, dismantle, and reform the structural barriers that prevent children and youth from accessing safety, permanency, and well-being. We pull multiple levers to drive that change:

Education

Legislation

Funding

Implementation

By elevating the stories of children and families, the work of our members, relevant data from our sector, and recommendations for change, we educate stakeholders and drive changes in legislation and funding that directly impact children, families, and providers of services. We continually bring together our members and the Administration to improve implementation of policies and practices that impact the sector.

Our Principles

Children, youth, and families drive our work. They center our advocacy choices and decisions. To meet this commitment, CLM develops and advances a public policy and advocacy agenda that is:

**Data-
Driven**

**Trauma-
Informed**

**Culturally-
Appropriate**

**Outcomes-
Focused**

Our Collaboration

Change doesn't happen in a vacuum. CLM acts as a hub to collect and transmit information between our members and various stakeholders. We ensure that voices from the field bring their expertise to the policymaking table, and that members are well-informed about changes on the horizon and opportunities to give meaningful input and influence. CLM fosters ongoing dialogue and collaboration among many stakeholders including:

- Children's service providers
- Advocacy organizations, coalitions, and partners
- Foundations and other funders
