# TIP SHEET

**5700 MLK RESEARCH BUILDING & PCRC at BCH Oakland**

UCSF Benioff Children's Hospitals

## MLK CORES

The UCSF MLK Core Facility (MLK Cores) hosts a range of scientific instrumentation for cytometry, microscopy, molecular biology, and spectrometry. The mission of MLK Cores is to provide analysis, support, and training services to UCSF investigators, while also being available to external users on a fee-for-service basis. Contact: David W. Killilea, PhD.

## SPACE ASSIGNMENT AT MLK

The 5700 MLK Research Building provides over 54,000 assignable square feet of laboratory and other research space. All assignable space at 5700 MLK is managed by the Department of Pediatrics following the School of Medicine Space Governance Policies. Requests for research space should be directed to: MLKspacerequest@ucsf.edu.

## BUILDING ACCESS

Entry into the MLK building requires badging. Visitors can obtain a temporary badge from the building's security desk. Badging for occupants must be initiated by the individual's home department through BCH Oakland's instance of ServiceNow.

## ROOM RESERVATIONS AT MLK

Room hoteling spaces and conference rooms are through UCSF's Event Management System (EMS). Use the "MLK Research Building Booking Form" to book the library, courtyard, or conference rooms. Use the "MLK Research Building Hoteling Space" to book a cubicle or workstation. Tip: Click on the name of the space, then click images for a picture of the actual space. *UCSF MyAccess login is required.*

# TIP SHEET

## 5700 MLK RESEARCH BUILDING & PCRC at BCH Oakland

### FACILITIES

For facilities services, including building maintenance, housekeeping, and groundskeeping, contact Mary Anne Hallacy, or Millicent Magiera.

### PARKING

Enter the lot on 58th Street and park anywhere except in designated areas for the Senior Center. If your badge does not allow access to pass the pedestrian gate or enter the building, ring the bell for entry.

### SHUTTLE

The Green Shuttle operates in a loop that includes the hospital and MLK (aka CHORI).

### PEDIATRIC CLINICAL RESEARCH CENTER (PCRC)

The Pediatric Clinical Research Center (PCRC) at BCH Oakland is located on the 4th floor of the Outpatient Center (OPC) and is managed by the Department of Pediatrics. PCRC offers nursing, space, and support for Oakland-based and cross-bay clinical studies. Many pediatrics research staff and PCRC staff are located at 5700 MLK. Contact: Marci Moriarty.

**5700 MLK Research Building**
5700 Martin Luther King, Jr., Way
Oakland, CA 94609

### BIOSPECIMEN PROCESSING LAB (BSPL)

The BioSpecimen Processing Lab (BSPL) is managed by the Clinical and Translational Science Institute (CTSI) to ensure that services provided investigators are consistent across all UCSF sites. Services are provided on a recharge model. Contact: Annie Higa and Ronald Honrada.
