Dear BCH Oakland campus employees,

Thank you for your understanding as we repurpose the West Lot to support construction of the New Hospital Building (NHB) project. **The last day of employee parking in the West Lot is Friday, August 15, 2025.**
This is a follow up to previous emails to ensure you are aware of the changes, and expanded alternative parking and commute options we have in place to support you.

Alternate Parking
The Aileen Street Lot is now fully subscribed. E**mployee payroll-deduction parking is still available at Church Lot #2,** located at 5400 Adeline Street. **Through September 1**, current West Lot payroll-deduction parkers are eligible for priority enrollment at this lot. To apply, complete and submit the parking application here. Applications will be processed in the order received.
Both lots are served by free shuttle service to/from the Hospital, with estimated frequency of 10 minutes during peak hours. Real-time shuttle tracking will be available by app in early September.

What you need to know:
The West Lot will close to employee parking at end of day, Friday, August 15.
After September 1, enrollment at the Church Lot #2 will be open to all BCH Oakland campus employees, as available and on a first-come-first-served basis.
Nighttime garage parking for employees continues to be FREE. On a trial basis and for a limited period, employees scheduled for nighttime work shifts from 6:30 p.m. to 7:30 a.m. may park in the garage free of charge for the duration of their shift and are encouraged to do so for their safety and convenience. Payment will be required for departures from the garage after 7:30 a.m.
After August 15, weekend garage parking for employees will be FREE, also on a trial basis and for a limited period. On a trial basis and for a limited period, employees scheduled for work Saturday and Sunday shifts may park in the garage free of charge for the duration of their shift. Payment will be required for departures from the garage after 7:30 a.m. Monday.

Alternatives to Solo Auto Commuting:
The following resources are available to assist employees:

- Individualized commute planning assistance via UCSF Commute Concierge.
- Carpool matching via UCSF My Commute.
- Employees who carpool at least three days per week to the main campus only, can access the main garage at a rate of $15 per person per pay period for two-person carpools. The carpool application can be found here.

- For carpools with three or more people, access is free for main garage parking.
- The Alameda County Guaranteed Ride Home program covers the cost of transportation when an emergency arises and interrupts a carpool or transit commuter's ability to get home. Register here to participate.
- Rideshare with the UCSF's Vanpool program or Commute Connect Chatter page.
- Public transportation for which the UCSF Commuter Benefit can be used. Free shuttle service to the OPC is available from the MacArthur BART station.
- Secure bicycle parking is available on the first floor of the parking garage. E-bike promotion program for reduced cost of e-bike purchases.

Purpose of the West Lot Closure:
Modernizing our campus requires increased construction activity in a constrained space. To optimize construction and operating productivity, the West Lot will be modified to accommodate the Colocation officing and coordination facilities for the NHB project construction teams, and construction parking.
If you have questions about applying for alternate parking, contact Freed Yanez at Freed.Yanez@ucsf.edu
Thank you for your patience as we modernize our Oakland campus.

Sincerely,
Eric Partika
