UCSF Health

Dear Colleagues,

This is a friendly reminder that we are accepting nominations for the **2026 UCSF Health Exceptional Physician Awards.** Each year, these awards recognize attendings, residents, and fellows who go above and beyond to deliver exceptional patient care, contribute to our mission, and exemplify UCSF Health's **PRIDE Values**.

The nomination process is open to everyone across UCSF Health, and your voice helps shine a light on the providers who inspire us every day.

We encourage you to be as detailed as possible in your nomination. The stories and reflections you share will help us showcase the remarkable qualities of our honorees in the celebratory videos premiering in March 2026.

Nomination period: October 8 – November 19

Submit nominations using this form.

Multiple nominations are welcome; please submit one form per physician. Each nomination must be seconded by another UCSF Health colleague.

You can view the full list of past awardees **here**. Please contact **Chena McKenzie** with any additional questions.

Thank you for helping us recognize and celebrate the physicians who make UCSF Health extraordinary.

Joshua Adler, MD
Chief Clinical Officer
Executive Vice President
Vice Dean of Clinical Affairs
Interim Network President
