Methodology

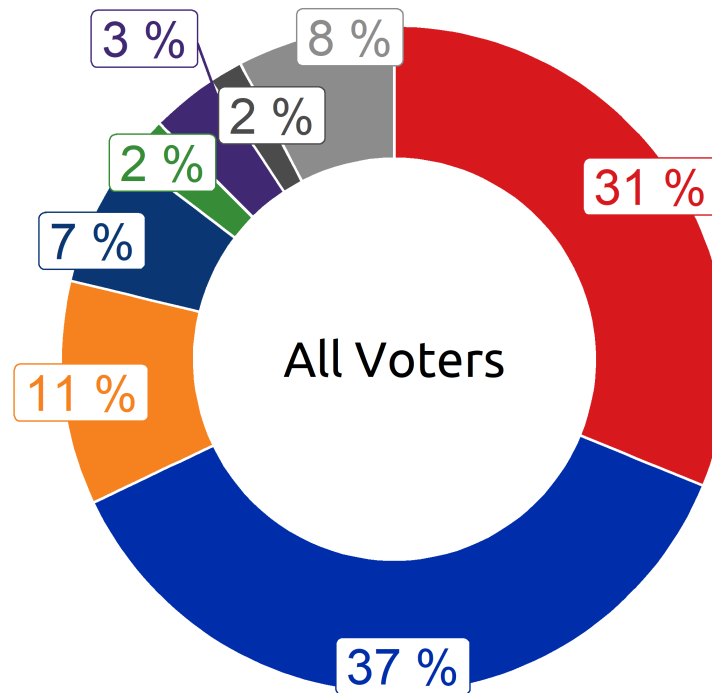

The analysis in this report is based on results of a survey conducted on February 6th, 2025 among a sample of 1241 adults, 18 years of age or older, living in Canada and are eligible to vote in federal elections. The survey was conducted using automated telephone interviews using Interactive Voice Recording technology (IVR). Respondents were interviewed on landlines and cellular phones. The sample was weighted by age, gender, and region according to the 2021 Census. The survey is intended to represent the adult population in Canada.

The margin of error for the poll is $\pm 2.8\%$, at the 95% confidence level. Margins of error are higher in each subsample.

Totals may not add up to 100% due to rounding.

Federal Voting Intentions

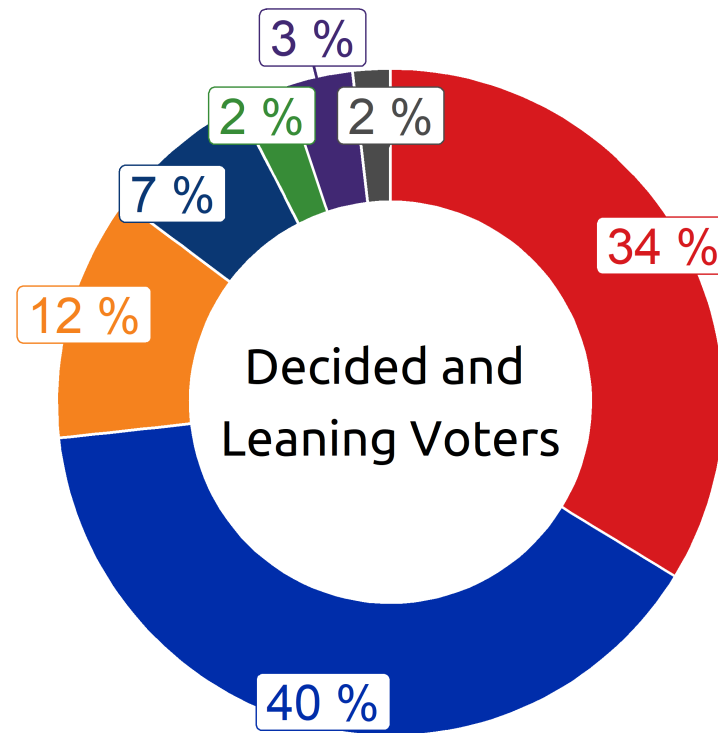

If a federal election were held today, which party would you vote for?

Response ■ Liberal ■ Conservative ■ NDP ■ Bloc Quebecois ■ Green ■ PPC ■ Another Party ■ Undecided

Federal Voting Intentions

If a federal election were held today, which party would you vote for?

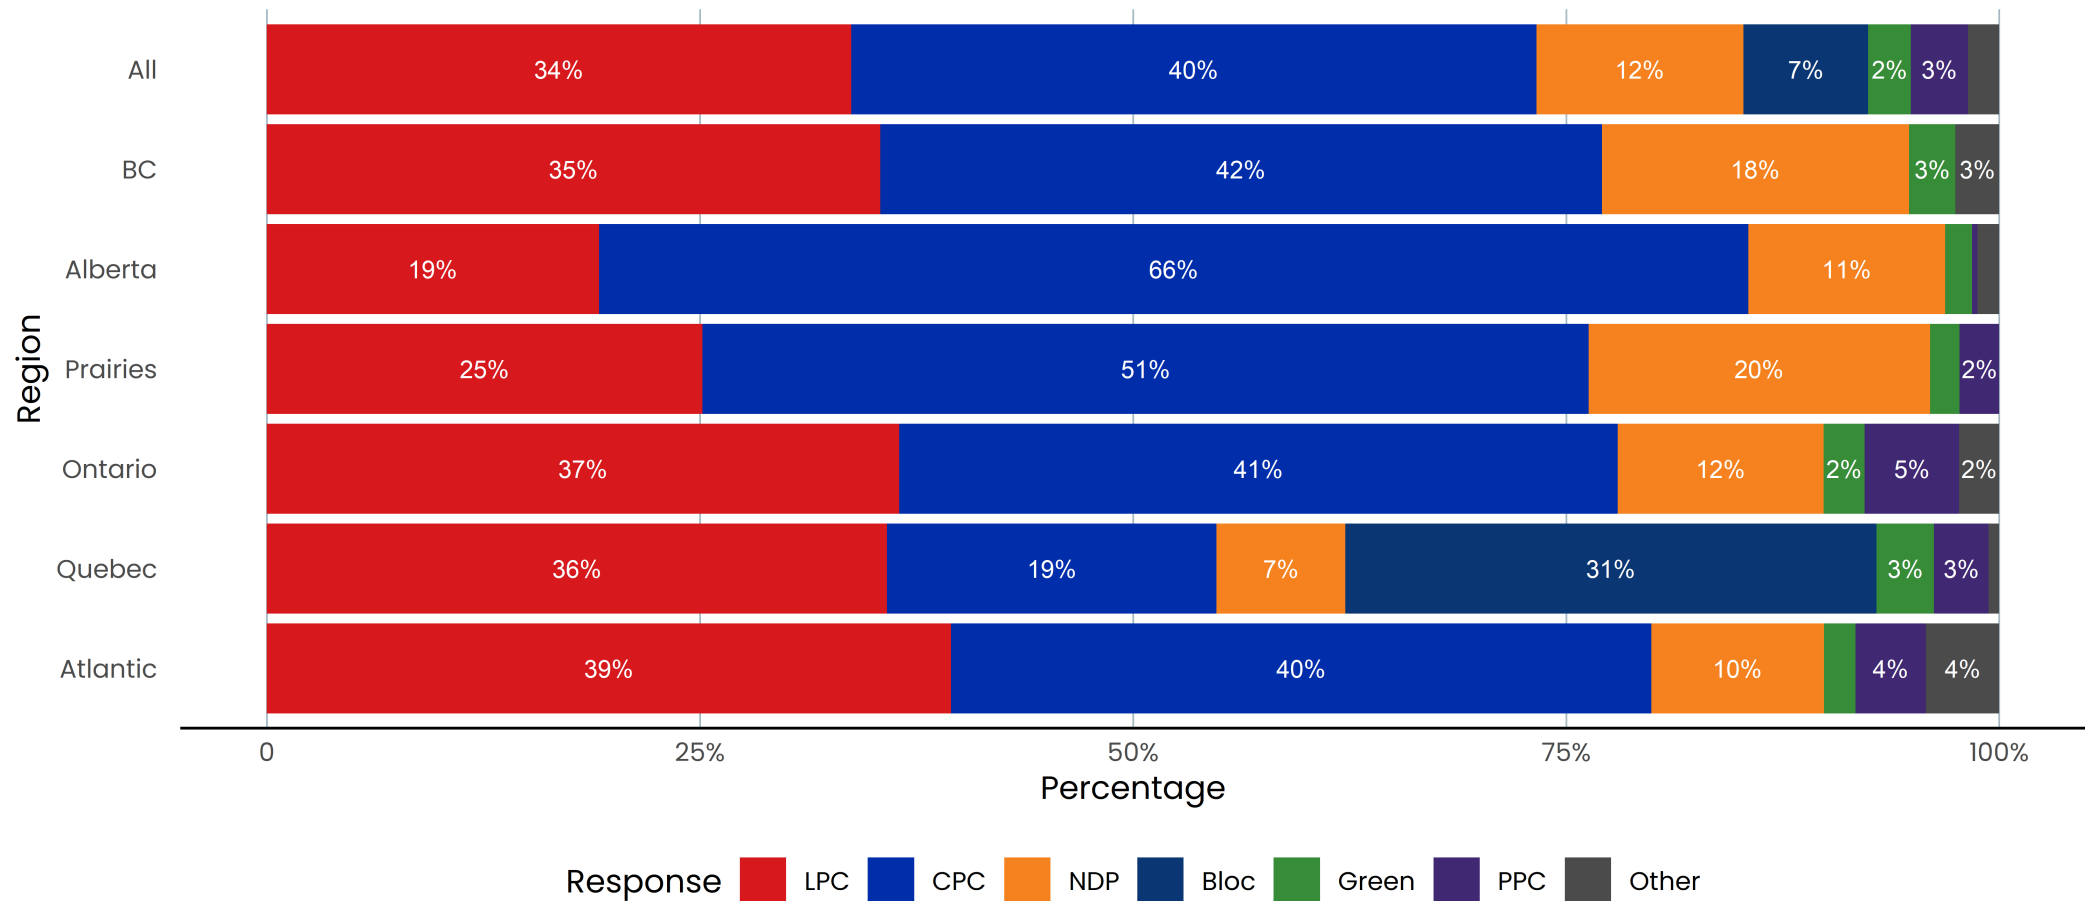

Response ■ Liberal ■ Conservative ■ NDP ■ Bloc Quebecois ■ Green ■ PPC ■ Another Party

Federal Voting Intentions

If a federal election were held today, which party would you vote for?

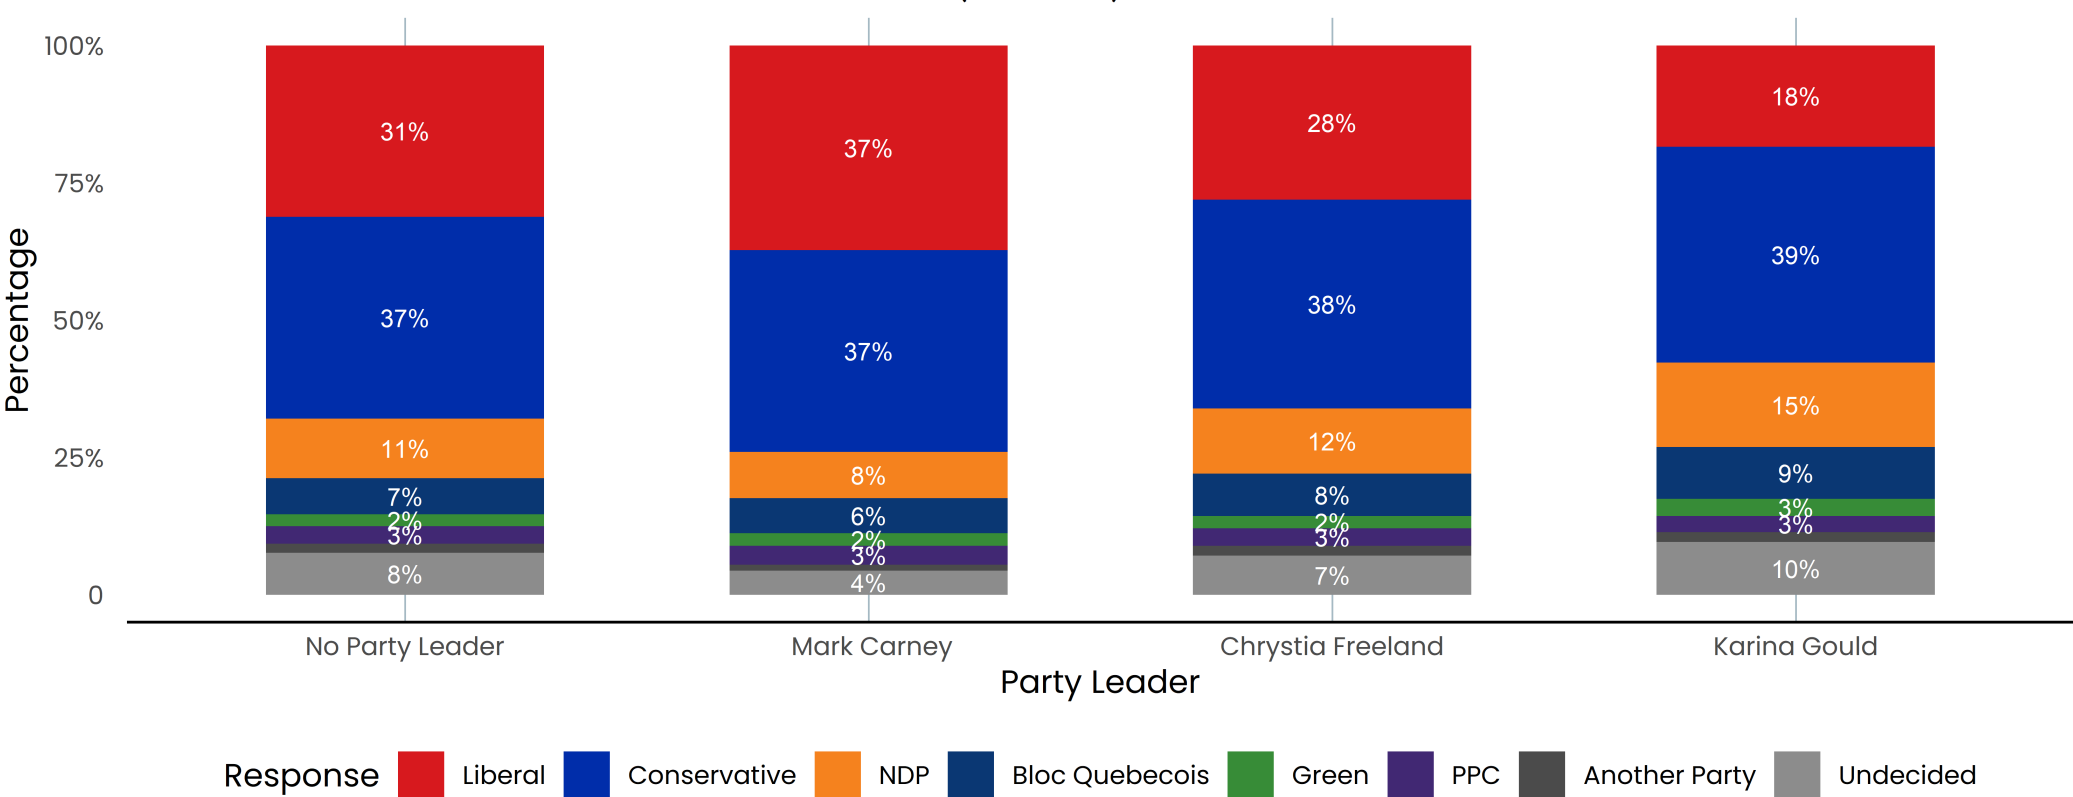

decided and leaning voters - broken out by region

Hyptothetical Ballot Scenarios

We are now going to ask you about two potential voting scenarios, with different Liberal leadership candidates as hypothetical leaders of the Liberal Party.

If a federal election were held today, which party would you vote for?
