

Whether you're working in your yard and flower bed, riding around the neighborhood on a bear hunt with the kids, or playing golf during this quarantine the team at Pelican Medical would like to encourage and remind everyone to wear your sunscreen every day! We recommend an SPF of at least 30 and don't forget to re-apply often. Keep an eye on any suspicious moles or spots, and get your skin cancer screening. The American Cancer Society recommends skin cancer screenings every three years between the ages of 20 and 40 and every year for adults over 40. We'd also love to share some exciting news from the clinic!

It is with great excitement that Pelican Medical Wellness and Cosmetic Center announces that Nurse Practitioner Sarah Lemoine has purchased the medical division of the practice. The clinic's co-founders Edwina Kincaid, APRN, and Peggy Gautreau, APRN, will remain on as co-founders and will keep their respective specialty practices. For the full story, click here: <https://drive.google.com/file/d/1BKCAkZiQjE1dfSYbqpgyx8pEtQ7V5v5G/view?usp=sharing>

Schedule with a medical appointment by calling 225-257-1040 or requesting through the website www.pelicanmwcc.com.

Edwina Kincaid and Pelican Cosmetics will continue to provide cosmetic and aesthetic procedures including Botox, filler, microneedling, dermaplaning, laser skin treatments, teeth whitening, IV wellness and hydration, as well as retail items. New services are added periodically by Edwina and her team, so check back often. They can be reached at 225-210-3417 and at <https://www.facebook.com/PelicanCosmetics/>

Peggy Gautreau, Certified Nurse Midwife, will continue to offer elective female hormone replacement therapy for peri- and post-menopause symptom relief. Call 225-257-1040 to schedule a consultation.
