

**We will do everything on our end to keep the Pelican Point Golf Course a true success, but we truly need the help and support of all our residents and the HOA.** Many golf courses in the area have closed over the years – The Island in Plaquemine, Sherwood Forest, Briarwood and Shenandoah. BREC in Baton Rouge subsidizes its golf courses at a cost of over \$3 Million dollars in losses each year.

Nationally, over the last eight years, each week has seen another golf course close.

National statistics show that when a golf course closes, the homes lose 30% of value across the board. If Pelican Point is forced to close the doors, the average homeowner is subject to lose \$100,000 to \$150,000 each in property value, plus the beauty, ambiance and social opportunities that the course and clubhouse offers.

Like so many other establishments, the Pelican Point Golf Club, is struggling through this pandemic, but WE REMAIN OPEN. We have had to cut back our staff hours, and reduced our expenses where possible to tighten our belts like many others. All while stressing safe cleaning practices and social distancing for those who are working.

We have come up with some safe alternatives to keep the club going:

- **CURBSIDE MEALS! We will deliver to your car. Tuesday thru Sunday.**
  - Lunch and Dinner Specials available for one or for the whole family.
  - Dinner for two & a bottle of Wine \$59. Choose your entre and wine, and have a romantic dinner at home.
  - Or check out the full to go menu on line at [golfthepoint.com](http://golfthepoint.com).

**CALL 225-746-9900 Ext. 2**

- **SOCIALLY DISTANT GOLF - relax and get some healthy outdoor exercise.**
  - Individual cart riding
  - Golf cart sanitation station for members
  - Sanitizing carts before and after each members round
  - Range closed to eliminate hand to hand touching of golf balls
  - Chipping and putting greens open for members who bring personal golf balls to practice

**CALL 225-746-9900**

At this time of having to stay home, with limited access to other places, please take advantage of all that The Pelican Point Golf Course and Clubhouse have to offer. We sincerely appreciate it, and it will help make our community stronger.

Thank you, and stay safe,

Douglas Diez
