

2/19  
The Daytona  
500 is  
tomorrow!  
Did you know  
it took over  
61 hours to  
declare the  
first ever  
Daytona 500  
winner by a  
photo finish in  
1959?

2/27  
Its National  
Polar Bear  
Day!  
Churchill, MB  
on Hudson  
Bay is best  
known for  
polar bears  
that inhabit  
the area in  
the fall. They  
even have  
reinforced  
safari vehicles  
that allow for  
encounters in  
the wild. How  
neat is that!

The best way to find out how often you need an oil change is checking your owner's manual. If you are still not sure, your car will tell you through your check engine light or oil pressure light.

## Me trying to figure out how often I need to get an oil change:
