## AUTOCHECK<sup>®</sup> VEHICLE HISTORY REPORTS

As an Auto Value, Bumper to Bumper, or Confidence Plus Certified Service Center, you have the opportunity to provide your customers with an AutoCheck<sup>®</sup> Vehicle History Report, the most trusted and comprehensive report in the industry.

Through our partnership with Experian, your location can:

- Provide this vehicle history report to your customers who bring in a used vehicle or have never checked their car's history.
- Discover if a vehicle had a suspected mileage rollback, or had been in an accident.

### USING THE AUTOCHECK PROGRAM:

1. All who wish to use the AutoCheck program must have MyPlace accounts. If you do not yet have a MyPlace account and would like to set one up, contact your parts supplier.
2. Log in to your MyPlace account.
3. Click the AutoCheck button, which can be found in the "Vehicle & Quick Find" header area.
4. If the VIN is known by MyPlace, it will be auto populated. If not, the user can enter in the information manually.
5. Confirm the vehicle selected is correct, then proceed to purchase with MyPlace user pricing.
6. Enter payment information. AutoCheck does not save this information.
7. Purchased reports are available for viewing and print for 21 days.
