

Water for Life

Amy Huebner's Classroom Goal:

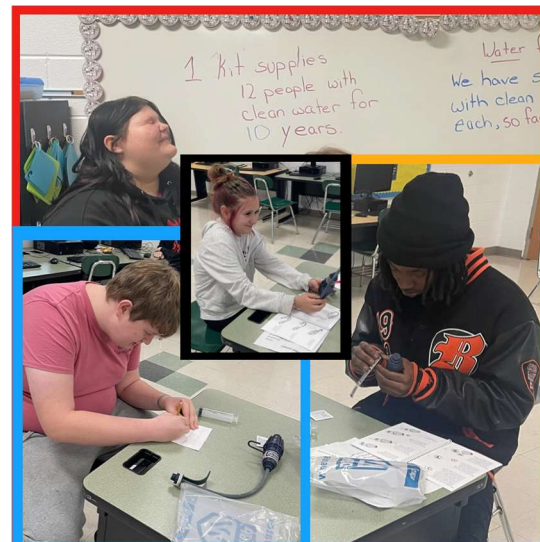

Assemble 100-150 water purification kits providing 10 years of clean water for up to 1,800 people by enlisting Thrivent members from all NC Synod congregations.

Across the United States, clean water is instantly available in our homes with the turn of a knob. Yet in many parts of the world — even in the states, especially after disasters — access to safe drinking water is not guaranteed.

We thank God for Thrivent's water filtration program that sends purifying kits for those in need around the globe. Partnering with this ministry can help us follow the example of Jesus providing waters that sustain life both physically and spiritually.

Amy Huebner, a teacher in an alternative class at COAST High School in Bolivia, NC, is using Thrivent water filtration kits as a service project for her students. They have already assembled a dozen filtration systems donated by Thrivent members from Saint Peter Lutheran Church in Southport, NC where her husband Jason Huebner serves as the Senior Pastor. She would like to enlist

Thrivent members from churches throughout the NC Synod to send kits to her classroom. Amy's alternative class, designed to give second chances to learners who struggled in traditional school settings, will assemble them and experience success as they make a difference in the lives of others.

How You Can Help

- **Pray for the students assembling the filters and for those needing clean water.**
- If you are a Thrivent member, **order a kit by April 1, 2026**, and send it to Amy's class.

Ordering Instructions for Thrivent Members

1. Log into your Thrivent account
2. Click the **"Generosity"** tab
3. Select **"Get a Cause Kit"**
4. Scroll to **"Water Filter Build"**
5. Edit the shipping address and send it to:
(First Name) COAST (Last Name) Huebner
1109 Old Ocean Hwy
Bolivia, NC 28422

Together, we can share Christ's love in a tangible way—
one filter, one family, one life at a time.
