

Apply to Marine Resource Education Program (MREP)!

MREP is designed by fishers in American Samoa, the CNMI, Guam and Hawai'i, and for fishers in the islands who are regulated by the Western Pacific Fishery Management Council.

You leave with **knowledge**, **tools**, and **connections** to make a difference in your fishery, through WesPac.

- **Knowledge** - Learn the nuts and bolts of marine fisheries science and management
- **Tools** - Gain tools and insights to effectively engage with WesPac
- **Connections** - Connect with scientists and managers in the process, and fishers from other islands

The workshop is FREE for accepted participants. MREP also pays for your travel to/from the workshop, as well as your meals and accommodation during travel and at the workshop.

Learn more and apply below. Apply by **December 1**. Applicants will be updated with their status by December 15.

Federal Fisheries Science & Management Workshop

April 10-16, 2026 | Honolulu, HI
