

## \$75 Initial Assessment

Children are not one-dimensional. The way they learn shouldn't be either. We want to make sure your child is learning in a way that works best for them – at the right pace, in the right style, with the right skills. We deliver results, engage students at a deeper level, and make an impact in the classroom.

We are pleased to offer Chamber members, including employees, an exclusive discount... Initial Assessment for \$75 (valued at \$180). Please contact us for more information.
