Executive Director,  
Ho-Chunk Nation Department  
of Heritage Preservation

**Bill Quackenbush**  
Tribal Historic Preservation  
Officer, Ho-Chunk Nation  
Department of Heritage  
Preservation

## Hoocąk – a Tribe before a Nation

*With Bill Quackenbush,  
HCN Tribal Historic Preservation Officer*

A unique look at the past through the lens of the Ho-Chunk people today; life before European contact relied on simplicity and practicality. While seemingly basic, archeological evidence speaks to a tremendous wisdom held by our ancestors. The Ho-Chunk are descendants of these great individuals holding and treasuring the timeless stories of an oral tradition. We will learn of how the skills and wisdom of thousands of years ago still help us today. Bill's work as a Tribal Historic Preservation Officer will be shared as he balances protection of sacred sites and burials and education drawn from the ancient stories of our past.
