

## **Why *Concrete and Cranes*?**

Last summer a pandemic closed down our opportunity to have in-person Vacation Bible School. RBC Kids responded by saving *Concrete and Cranes* for this year, and we sent out *Beach Blanket Bible Stories*, a full package of fun, allowing parents to host a social distance Bible school on blankets with their neighbors in their own yards.

One or more of our families embraced this opportunity and threw a Bible school party for their neighbors. It was a fun way to learn about the Bible while helping neighbors connect with each other. After the first night, the children were asking, "Is it time for VBS yet?" They had fun, ate snacks, did crafts, and read the Bible.

Helping children open the Bible and read God's living word for themselves builds their foundation, which can lead them to put their trust in Jesus. Telling a story can be exciting, but pointing children to read God's word and understand that Jesus really loves them is important.

This year, you get to go back to in-person Vacation Bible School! Our theme *Concrete and Cranes* focuses on making sure your children have a firm foundation so that they can build on the love of Jesus!

Now's the time to register for VBS! This year you get to bring your neighbors with you, too! A big team of adults are planning a construction site with tools, games, a light supper, a pretend gondola ride to 'visit Italy,' short videos, fun music, and an in-person Sunday celebration for you and your neighbors at Riverchase Baptist Church.

You don't want to miss this VBS night event from 5:30 - 8:00 p.m. on June 7 - 11 and the Sunday Celebration with a light lunch and inflatables on June 13th from 9:30 a.m. - around 12:30 p.m.\*

Register your children and your neighbors today!

\*The Sunday celebration includes Sunday School and Worship Service as well after church activities!
