

## **Skintervention Day Spa is now open and scheduling clients!**

The business is owned by Sarah Rawlings, LPN, Esthetician, and certified acne specialist. She focuses on anti-aging skin care and treating and managing acne clients. Sarah really enjoys teaching clients how products work within the layers of the skin to help them achieve the skin they desire.

Kamber Lovan, RN is the Nurse Injector at Skintervention Day Spa! She practices under Medical Director, Michelle Boice MD. She offers Botox injections to help reduce/prevent fine lines and wrinkles. Some of the most common areas for Botox include frontalis (forehead), glabella (between the eyebrows), and crows feet. Botox can also be injected into the masseter muscle to help with teeth grinding and jaw clenching. She also offers dermal filler which can be injected into the lips, cheeks, and chin to help with fullness and contour. Complimentary numbing cream is available, and consults are always free!

Jalynn Richardson, Licensed Esthetician, she will offer Body Waxing, facial waxing, relaxing facials, along with Dermaplaneing. Waxing is better for the skin than shaving and helps with hair growth becoming less and less in the area that is being waxed. You need to stay on a steady wax routine of every 4-6 weeks to get best results! Jaelyn is originally from Chanute Kansas and is excited to meet all her new clients in the Lamar and surrounding areas.

This group of professionals have worked very hard to offer these services to this community.

You are invited to their Holiday Open House on December 9<sup>th</sup> from 2:00 pm-6:00 pm and the Barton County Chamber of Commerce Ribbon Cutting will be 2:00 pm.

Skintervention Day Spa  
203 W. 11th Street  
Lamar, MO 64759

They are partnering with “The Belt Cocktail Company” during the open house and they look forward to seeing everyone during the event!
