

THE FRIENDS OF SALMON BAY PARENT INFORMATION
EXCHANGE (PIE) COMMITTEE PRESENTS

TALKING TO YOUTH ABOUT HEATED TOPICS

with Rosetta Lee, educator and activist

TUESDAY, MARCH 10 | 7-8:30 PM
SALMON BAY SCHOOL AUDITORIUM
1810 NW 65th St, Seattle 98117 (enter on 18th)

Young people can bear witness to challenging and/or traumatic events in current events, media, and our local communities. They often process thoughts, feelings, and reactions without our explicit help and guidance - thereby increasing their confusion and anxiety.

- Adults have a natural instinct to protect their children from harsh realities, yet want to prepare them to navigate our complex world - is it possible to do both?
- How can we talk about identity, difference, and justice in age appropriate ways?
- How do you reinforce your family's values while maintaining respect for other perspectives?
- How do you coach children toward authentic and respectful dialogue across differences?

Engage in these questions and more through this interactive session.
