

2021 Auction Party Ideas

The 2021 auction team is looking for people to host parties for the school auction. Can you help? Read our list of ideas or get creative and create your own!

Virtual parties via zoom (ideally, these parties would be scheduled to happen in March and April, with participant numbers 25 or less)

- Murder mystery party
- Chef led cooking lesson
- Pastry or specialty bakery led cooking lesson
- Virtual escape room party
- Wigs and Wine (Each participant would get a delivery (bottle of wine and a wig) in advance of the party. Guests arrive on camera either wearing the wig or everyone opens on camera. Some type of activity for people to do during the party is needed)
- Mixology or cocktail lesson
- Some type of virtual art lesson or craft that would do well over zoom (with delivery of supplies beforehand)

Very small group, ideally outdoor ideas (These would be scheduled for late April - end of May with the possibility of later depending on the current state COVID guidelines):

- An amazing race style scavenger hunt
- A beer brewing party
- Macrame or other craft/art party that would really do better in person
- Socially distant bike ride or other outdoor activity with snack/drink provided
