

SPECIAL EDUCATION DISABILITY COMMITTEE

Overview

Special Education Disability (SED) Committee aims to create an environment of sharing and learning that is inclusive to all; to foster building bridges between the general and special education communities, that is respectful and affirming to our families students and staff and reflects our commitment to creating more understanding and acceptance around disabilities and Special Education.

Mission

We provide our parents, staff, and students with the resources to gain a deeper understanding of neurodiversity and disabilities and help navigate special education. We support an all-inclusive community by encouraging more widespread acceptance and creating more opportunities for inclusion in schools and the broader community.

Activities and Initiatives

- Supporting families, students and teachers with learning opportunities, and round table buzz sessions
- Resource materials such as books, webinars and online resources
- Autism Awareness Month and October Disability Awareness Month
- Film series with a broad variety of topics relating to disabilities, Neurodiversity and special education
- Guest Speakers

Join Us

New members are always welcome! Members can participate by coming to committee meetings and/or helping to plan events that align with our special education and disability mission. *(I have not set meeting dates or times yet but once a month is the plan)*
