Winter With The Loons!

Photo by Kittie Wilson

Where do our loons spend the winter and What do they look like? How do they survive? Together we will observe a group of loons during the winter months; we'll travel with them during their fall migration to the ocean and return with them in the spring, back to our lakes where they will mate, nest, and raise their little loons. Kittie Wilson has been documenting the lives of loons for many years. Kittie is the proud recipient of the 2009 Spirit of the Loon Award from the Loon Preservation Committee, where she serves as a volunteer.

**THURSDAY, JULY 6 @ 7:30 P.M.
ADMISSION FREE – DONATIONS APPRECIATED**
