## Race Kit Pick Up - Saturday, July 7, 2018

**10:00 am – 1:00 pm**

Race kit pick up is an open house/drop in where athletes will pick up their race kits and learn about the race. Plan for about an hour at race kit pick up so that you can attend an orientation session and collect your bib, shirt, kit etc. Race kit pick up is busy just prior to the orientation sessions.

### Upon arrival:

- 1) Line up by your last name to check in and receive your race bib.
- 2) Pick up your TRi KiDS pencil case and SunRype snack.
- 3) TRi KiDS t-shirts are handed out.
- 4) Get body marked. Body marking can also be done on race day.
- 5) View course maps, wave lists.
- 6) Check out the TRi KiDS merchandise table. Purchase a water bottle for a min. donation of \$2 towards Holland Bloorview Kids Rehabilitation Hospital.
- 7) Attend an orientation session of your choice. Orientation sessions take place outside near the transition area.

Interactive maps can be found [here](#)

### Orientation Times:

**10:30 am**

**12:00 pm**

#### Is attending an Orientation Session mandatory?

While orientation sessions are not mandatory we strongly encourage all athletes and parents to attend a session of their choice. Orientations cover important information about race day including parking, preparation for race day, arrival times, setting up your gear in transition, race course layout and much more.

# Race Day

## Sunday, July 8, 2018

Race day kit pick up for those unable to attend on Saturday opens at 7:00 am.

### Arrival Times:

Age Group	Set up in transition COMPLETED by:
3 to 5	set up in transition NO later than 8:00 am
6 - 7	set up in transition NO later than 8:30 am
8 - 9	set up in transition NO later than 10:00 am

**The above times are enforced for the safety of the athletes racing.** Please arrive before your age group transition area closes. Set up times are enforced to maintain a safe transition\* area.

\*Transition is a large, secured area near the swim exit. It is where athletes transition between the swim and bike. Athletes will place (rack) their bikes, helmet on the designated rack, with their gear placed under their bike. The transition area is organized in sections by age group. Look for the sign that matches your athlete's bib colour. Each age group section must CLOSE before the first wave of that age group starts to maintain a safe transition area. Learn more about the 'transition area' [here](#).

The race starts with the first wave of 3 to 5 year olds in the water at 8:30 am. The interval between waves is 3 minutes for this 3 to 5 age group and gradually increases as we move through age groups and the swim distance increases. The final wave for the 8 – 9 age group is 12:08 pm.

Athletes receive their **wave #** and **wave called at time and wave start time** at race kit pick up. This information is printed on the back of their bibs and on the tear-off portion of the bib. Be sure to tear off the bottom portion of the bib.

Volunteers are in transition to offer as much assistance as needed. **ONLY ATHLETES AND VOLUNTEERS are permitted in the transition area while the race is on (except 3 to 5 age group).**
- ▶ Helmets must be fastened securely before athletes can touch their bikes. Volunteers will 'unrack' the bikes and ensure the helmet is fastened.
- ▶ **NO HELMET = NO RACE**
- ▶ **NO SHIRT = NO RACE.** Athletes must have their torso (chest and stomach) covered for the bike and run portions of the race.
- ▶ Visit our [website](#) for equipment (bikes) rules. Triathlon Canada sets out restrictions and guidelines which are followed at all TRi KiDS races.
- ▶ Athletes will walk/run with their bikes to the ON MY BIKE sign and head off on the bike course.
- ▶ Older athletes will be completing multiple loops of the bike course. Be sure your athlete understands the looping process and where you will be standing to help them count loops.
- ▶ Upon completion of the required loop(s) the athlete will dismount (OFF MY BIKE) and bring their bike and helmet to the DROP TRANSITION. This transition is separate from the main transition. Athletes hand their bikes and helmets to volunteers and then head off on the run.
