## 2019 'Year of Change' at Forest Festival

*2019 season brings exciting changes and fantastic lineup of talent to the Forest Festival*

### The Big Change

After 20 years of weathering and wear the Bone Lake Amphitheatre is in need of significant renovating and refreshing. In order to make thoughtful, well planned and executed changes the tough decision was made to close this wonderful venue for the 2019 season. The good news is we are focusing our full attention on the recently upgraded Logging Museum to make it even warmer and more magical than it already is.

### New This Year

We will be switching things up this season offering our first-ever licensed dance party events on Friday, Aug/16 and Saturday, Aug/17. Get your boogie on with two of Canada's best party bands. We will be closing the season out with something a little different too, with CBC broadcaster Tom Allen bringing one of his extraordinary 'Chamber Musicals' to the Logging Museum stage. Also new in 2019 are weekend ticket packages with details to be announced on our FB page.

### As Always

We are dishing up a program we are really proud of. Featuring iconic Canadian performers, remarkable young artists, matinee performances by award winning musicians and more genres than you can shake a stick at, 2019 truly offers something for everyone.
