Once a week, Ronald McDonald House volunteers pay a visit to the referring units at both partnering medical facilities to deliver special "Happy Wheels" gift bags to patients and their families. Children receive a gift bag that includes a Ronald McDonald House coloring book, along with a special gift handpicked just for them! Adults receive a gift bag that includes information on the Ronald McDonald House and the resources available through our organization, as well as a snack and an additional gift item that may be helpful to them during their stay in the hospital.
