

Michigan's Public Behavioral Health System: A New Approach

December 4, 2019

Agenda

- A. Where we are today
- B. Section 298 pilots
- C. Principles
- D. Policy
- E. Next steps

How our system works today

Individuals with mild-to-moderate or no behavioral health needs

Individuals with significant behavioral health needs

- Individuals with a serious mental illness

- Individuals with substance use disorder

- Children with severe emotional disturbance

- Individuals with intellectual or developmental disabilities

How our system works today

Mild-to-moderate behavioral health needs

Medicaid
Health Plan

Physical health

*Non-specialty
behavioral health*

Significant behavioral health needs

Medicaid
Health Plan

Physical health

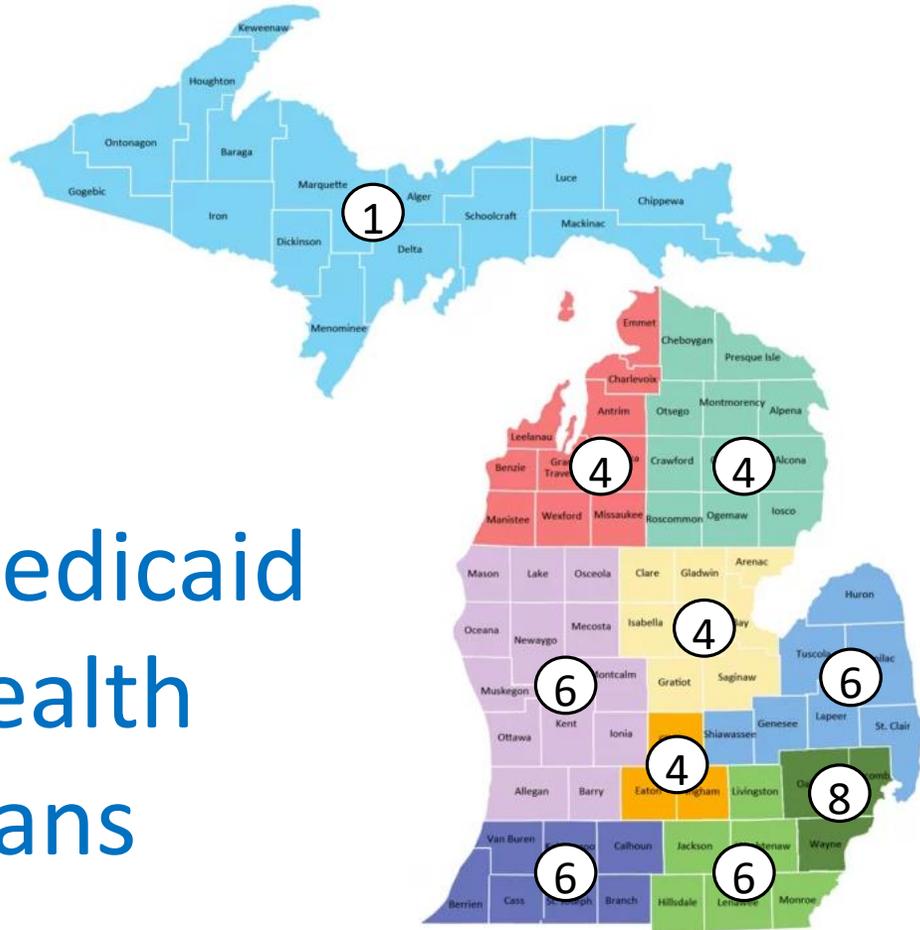

Prepaid
Inpatient
Health Plan

*Specialty
behavioral health*

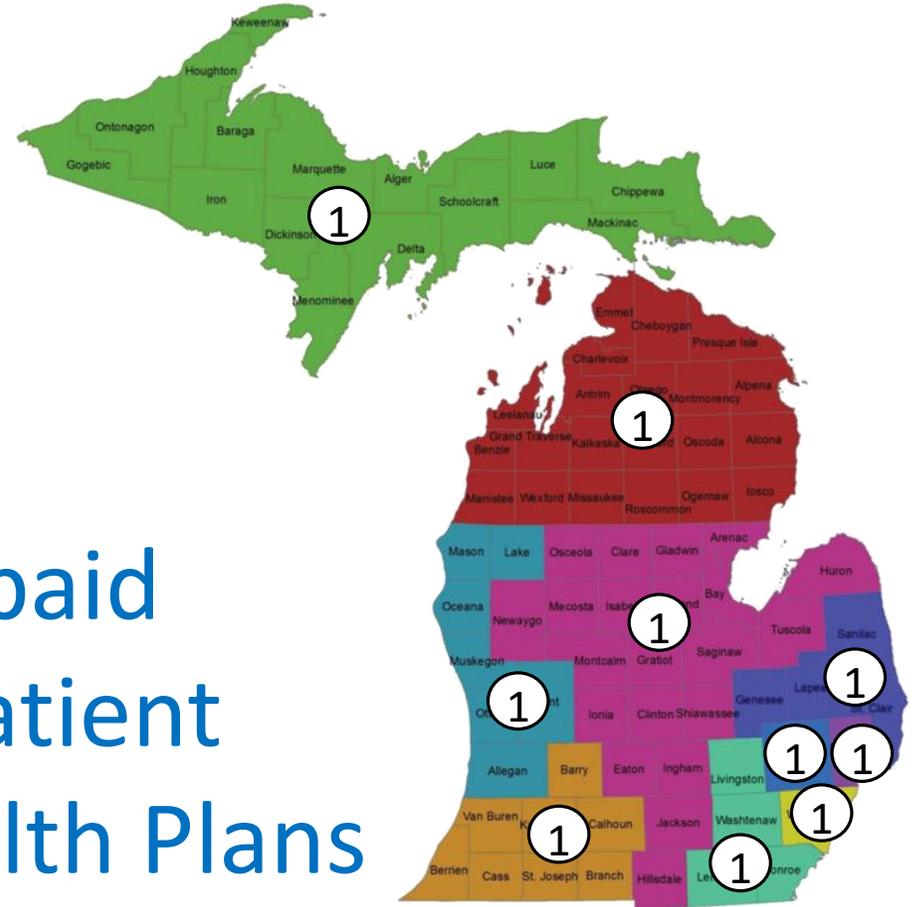

Crisis safety net and community benefit services

How our system works today

Medicaid Health Plans

Prepaid Inpatient Health Plans

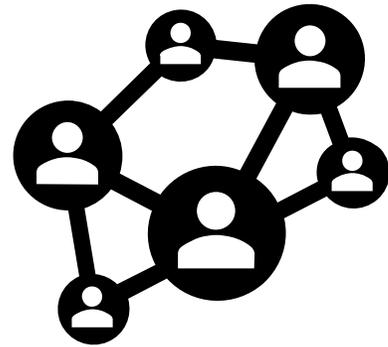

(X) Number of plans available in region

How our system works today: the safety net

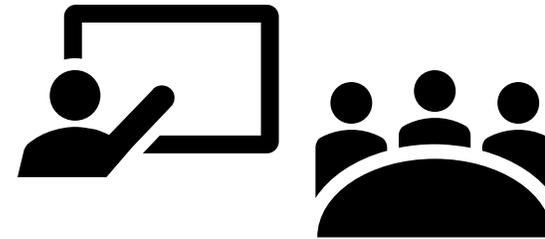

Provided by our Community Mental Health Services Programs

24/7 hotlines

Coordination with
schools, police,
corrections

Community training

Jail diversion

Available to any resident, regardless of insurance

Strengths of the public system

Locally based system with strong community partnerships that operates statewide

Longtime national leader in de-institutionalization

Leader in codifying person-centered planning and supporting self-determination

Invests in coordination efforts with schools, jails, prisons, and local social services

Serves all residents in crisis, not just those with Medicaid

Comprehensive Medicaid benefit

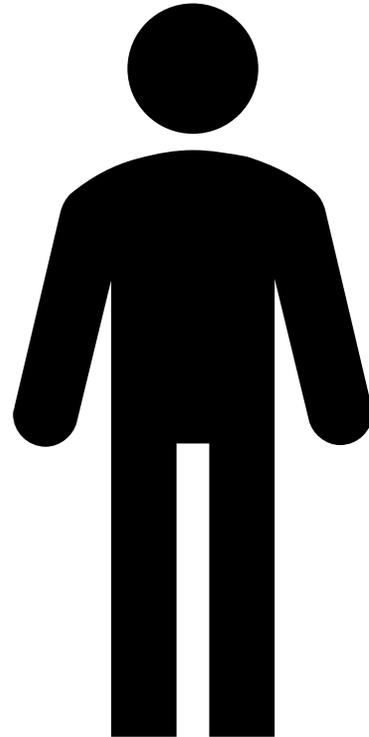

Challenges for people

Wait to access CMH services

2 care managers

No alternatives

Less money for services to keep him healthy

Separate care teams

Struggle with transportation

Caught between 2 systems

Missing out on programs that could help

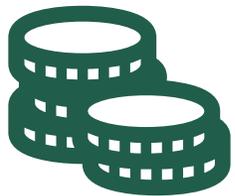

Challenges for the system

Too few quality choices

Difficulty with coordination & navigation

Misaligned incentives & financial instability

Section 298 pilots did not launch...

- Financial integration through the Medicaid Health Plans
- Intensive 2+ year effort
- Parties were unable to agree on a model design
- DHHS cancelled in October 2019

...but we learned a lot

- ✓ Care integration
- ✓ Financial integration
- ✓ New forms of partnerships
- ✓ Stronger DHHS vision

We have learned from other integration efforts

- Behavioral Health and Opioid Health Homes
- Certified Community Behavioral Health Clinics (CCBHCs)
- MI Health Link
- PIHP/MHP care coordination plans, workgroup meetings, shared metrics
- Locally driven collaboration and integration activities

Values

Person-centered

Self-determined

Community-based

Recovery-oriented

Evidence-based

Culturally competent

Goals

Broaden access to quality care

Improve coordination & cut red tape

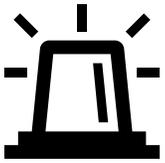

Increase behavioral health investment and financial stability

Policies

- 1 Public safety net
- 2 Integrated system of care
- 3 Specialty Integrated Plans

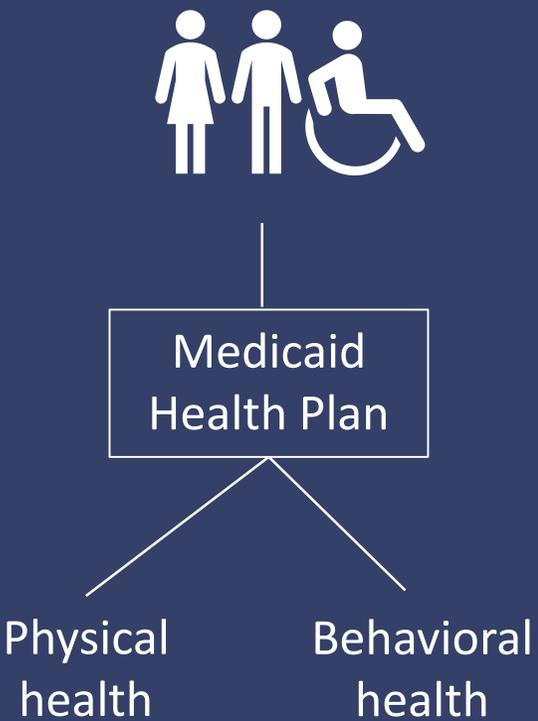

Secure our safety net through the CMHs

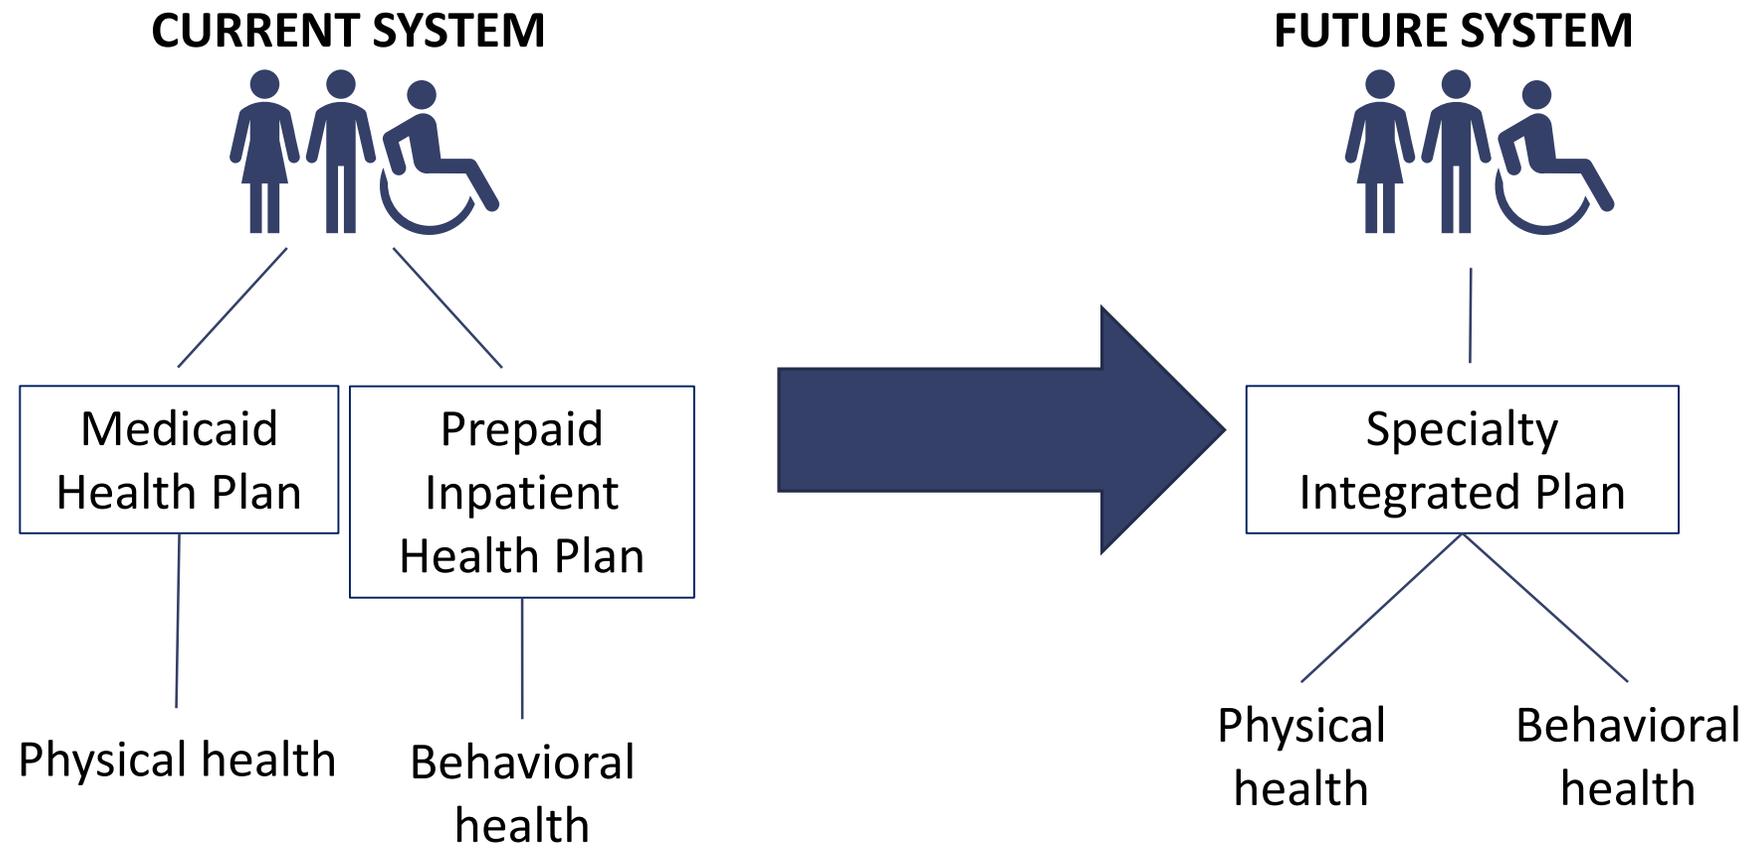

- Uniform floor of statewide responsibilities
- Flexibility above floor
- Separate budgeting for non-Medicaid services

Future model

Individuals with mild-to-moderate behavioral health needs

Individuals with significant behavioral health needs

Crisis safety net and community benefit services

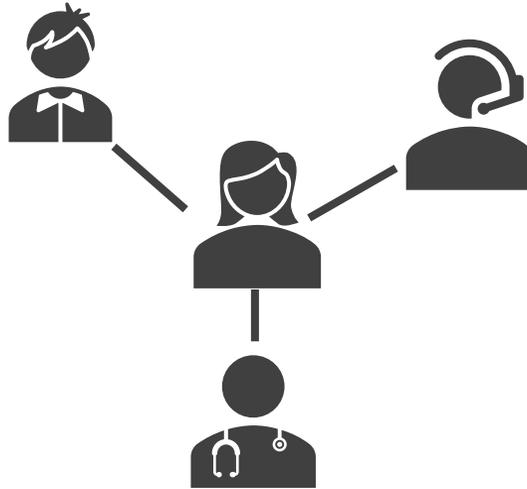

Other States with Specialty Integrated Plans

Specialty Integrated Plans

One person,
one plan

Specialized care
model and team

Choices

Risk-based
capitated rates

Specialty Integrated Plans

- All plans must meet certain requirements:
 - Fully-licensed and meets insurance regulatory requirements
 - Adequately capitalized and risk-bearing
 - Strong networks for health & specialty care
 - Typical health plan administrative infrastructure
 - Specialized care planning and management
- Governance
 - Strong statewide public-led option
 - Other options can vary, with a preference for statewide coverage and partnerships

Specialty Integrated Plans

Public-led

- Led by statewide association of CMHs
- Managed care and provider partners as needed

Option: Plan-led

- Led by Medicaid Health Plan
- BH and provider partners as needed

Option: Provider-led

- Led by association of providers and a hospital system
- Managed care partners as needed

Option: Public/private partnership

- Led by partnership among a Medicaid Health Plan, CMHs, FQHCs, and regional providers

Addressing Our Challenges

Challenge

Solution

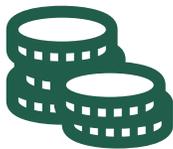

Too few quality choices

- New plans bring new providers, options, accountability
- Integrated financing supports integrated care
- Statewide approach increases consistency across regions

Difficulty with coordination & navigation

- One plan, one network, one case manager
- Statewide approach and integrated plans simplify paperwork
- Fewer plans further reduces overhead

Misaligned incentives & financial instability

- Incentives to invest, save, reinvest within one plan
- Accountability for under-performing plans
- Plan is capitalized and bears full risk

Better care for Michiganders

Wait for services

Faster approval

2 care managers

1 care manager

No alternatives

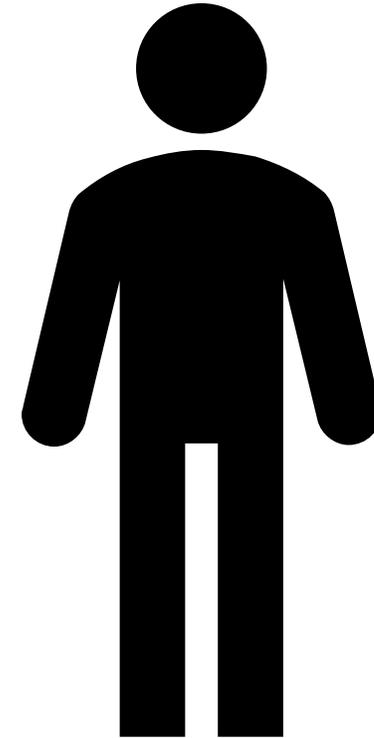

Choices

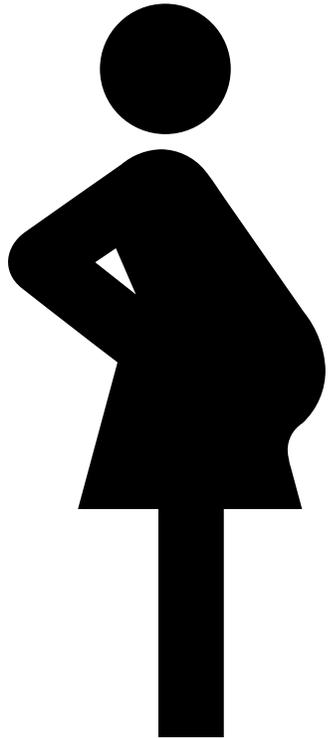

Less investment in prevention

More investment in prevention

Better care for Michiganders

Separate care teams

Joint care team

Missed appointments due to broken car

Transportation help to make appointments

Missed connections to support services

Supports team connects her with those who can help

Proposed Next Steps: Feedback

- 4 public forums to hear from individuals served and their families
- Meetings with all legislative caucuses
- Small group discussions with stakeholders: advocates, providers, Medicaid Health Plans, public behavioral health system, hospitals, and others
- Learn & comment: www.michigan.gov/Futureofbehavioralhealth

Proposed next steps: Timeline

2019

- Discuss approach

2020

- Detailed policy design
- Enabling legislation

2021

- Prepare for implementation

2022

- Finalize implementation

THANK YOU
