

JANUARY 2022 PART II

DUMPSTER DIVING ON CHRISTMAS EVE

Dear Friends,

It was noon on Christmas Eve, and I was closing up the mission agency office. I took the garbage out to the dumpster, which also serves other businesses, in back of our office complex.

As approached the dumpster, I startled a man that was dumpster diving. He was retrieving technology items that had been thrown away by other offices. He had found a computer along with accessories such as a keyboard and monitor.

He was interested in seeing what I was throwing away and upon seeing that it was just normal garbage, he declared "I have found a goldmine in this dumpster today." He then turned back to searching through the dumpster.

As I drove home a few moments later, his words "I have found a goldmine" kept ringing in my ears.

Later that evening in our Spanish church Christmas Eve service, I thought about the shepherds who went to see the newborn babe who was the promised Redeemer of mankind. Years later, He would be placed on a cross and give His life for our salvation.

The dumpster diver made me think about so many who seek to satisfy their desires in places that bring no satisfaction to man.

My desire is that in 2022, we continue to share the Gospel message with those who are desperately searching for satisfaction in life. The Son of God is the only One who can give man what he truly needs.

Sincerely,

Roy and Edi Seals
