Mental Health First Aid is Coming To St. Michael's Friday, October 11th, 8 a.m.-5 p.m.

Mental Health First Aid is a public education program that introduces participants to risk factors and warning signs of mental health problems, builds understanding of their impact and overviews appropriate supports. This 8-hour course uses role-playing and simulations to demonstrate how to offer initial help in a mental health crisis and connect people to the appropriate professional, peer, social and self-help care. The program also teaches common risk factors and warning signs of specific illnesses like anxiety, depression, substance use, bipolar disorder, eating disorders and schizophrenia.

\$20 covers the cost of your manual. Space is limited.

Legacy Society Forum
Sunday, September 29th
Adult Classroom,
9:30 am

'An Engineering Approach to Retirement'

Retirement means different things to different people. To some it means leaving the working world entirely. To others, it means continuing to work, perhaps part-time, for as long as possible.

Regardless of your definition, people in their 40s, 50s, and 60s need to be aware of the fundamentals of financing retirement. This seminar will look at constructing income streams from retirement plans and Social Security, among other topics.

Led by parishioner John Shelton of Oppenheimer & Co, Inc., this seminar will answer questions and perhaps raise others as we consider financing retirement.

The seminar is offered by the Legacy Society, which exists to inform the parish about the importance of remembering the Saint Michael and All Angels Foundation in your estate plans. The Foundation continues the work of the church for future generations.
