

Neighborhood Pantry at St. Paul's

During the recent frigid weather, pipes burst in the basement of St. Paul's church, flooding the Food Pantry. Work is underway to rebuild walls, do sheetrock replacement and lay a new floor. Until this work is completed, in about 3 weeks, we cannot take food to the Pantry. **However, we will still be collecting donations** so that there is food to put on the shelves when the Pantry re-opens.
