

Data Sharing Agreements for the Healthcare Workforce Enumeration Dashboard

**Healthcare Workforce Technical
Working Group**

Data Sharing Agreements: Collaboration, Security, and Effective Workforce Planning

Governance and
Ownership

Privacy and
Security

Standardization
and
Interoperability

Purpose and
Scope

Sharing,
Reporting, and
Collection
Protocols

Strategic Workforce Planning, Analysis, and Policy Development

- Identify workforce shortages and needs
- Guide development of training programs and workforce development initiatives
- Support data-driven decision-making for funding and resource allocation

How can we implement?

Healthcare Workforce Technical Working Group

- Support the planning and coordination of USAPI health workforce data collection efforts
 - Pacific Basin Primary Care Office (PBPCO) HRSA SDMS data collection
 - USAPI HRH Enumeration Survey/Dashboard
 - PHWINs
- Map the current health workforce regional and jurisdiction landscape and ecosystem, including:
 - Successes, challenges, and lessons learned
 - Existing HWFD efforts and programs
 - Administrative and policy environments
 - Existing financing mechanisms
- Discuss and draft a USAPI Health WFD Strategic Action Framework 2025-30 to be reviewed and approved by PIHOA Board

Resolution #2024-75-01: Establishing a USAPI Health Workforce Development Technical Working Group

TOR #2024-75-01: USAPI HRH TWG Endorsed

Requesting the Board's Guidance

How might we move forward on a Data Sharing Agreement to support the Healthcare Workforce Dashboard?

Who can assist with the structuring and development of the Healthcare Workforce Technical Working Group?

Other guidance or questions?

Mahalo!
