Preventing Disease.

OUR MISSION

NACDD improves the health of the public by strengthening state and national leadership and expertise for chronic disease prevention and control. We promote social justice and wellbeing so that communities can build healthier futures.

OUR VISION

We envision a world where all people reach their full health potential, free from burden of chronic disease.

NACDD AT A GLANCE

NACDD serves 7,000 chronic disease professionals across the U.S. working in state and territorial health departments, nonprofits, academia, and the private industry to promote health and to reduce the burden of chronic disease.
