

The Sonoma Valley Chamber of Commerce, Sonoma Valley Vintners & Growers Alliance and Sonoma Valley Visitors Bureau have partnered with Vicor Restaurant Supply, a local business located on 8th St. E. (just outside of the City of Sonoma) to ensure local businesses have access to the supplies and equipment they need to implement a SAFE and RESPONSIBLE reopening as soon as we are cleared to do so by the State of California and County of Sonoma.

We have put together the following “Reopen Kit” that will provide your business with quick & convenient access to the basics; masks, gloves, sanitizer, etc. These items can be purchased as a kit or as individual, ala carte items. The kits are designed for a small business, so a larger organization may want multiple kits for bigger spaces/operations. Ordering is available to any Sonoma Valley business, however **Members of our organizations will receive a 5% discount and a complimentary 8oz bottle of our local Hanson Spirits' hand sanitizer!**
