

SHUTDOWN SCHEDULE

WATER SYSTEM OPERATIONS

21
22

THE METROPOLITAN WATER DISTRICT OF SOUTHERN CALIFORNIA

If you have any questions or concerns regarding the Shutdown Schedule, please contact Mr. Derrick Cheng (213-217-7500 or DCheng@mwdh2o.com) or Mr. Arman Motavvef (213-217-6852 or AMotavvef@mwdh2o.com). If they are not available, please contact Mr. Keith Nobriga (213-217-6540 or KNobriga@mwdh2o.com).

Date: September 28, 2021
To: Member Agency Managers
From: Brent M. Yamasaki, Chief of Operations
Subject: FY 2021/22 and Preliminary Three-Year Shutdown Schedules

Enclosed is the FY 2021/22 Shutdown Schedule for The Metropolitan Water District of Southern California (Metropolitan). These shutdowns are necessary to perform required maintenance, inspection, and repair on Metropolitan's water delivery system. Some of the scheduled dates may change to accommodate contractor work progress, weather conditions, or water supply conditions.

Affected member public agencies will be given a written notification of each specific shutdown at least sixty (60) days prior to the time that water service will be interrupted or reduced. In addition, a coordination meeting with the impacted member public and retail agencies will be held approximately three weeks prior to the beginning of each scheduled shutdown.

In addition to the FY 2021/22 Shutdown Schedule, a preliminary Three-Year Shutdown Schedule is also included. Metropolitan's staff will continue to work with the member agencies to review and update the three-year schedule.

As a reminder, the Member Agency Work Request Form was introduced last year. Please remember to use this form when planning work that will impact Metropolitan's distribution system. The required time for advance notice varies from one week to twelve months depending on the type of work.

Mr. Derrick Cheng or Mr. Arman Motavvef, Shutdown Coordinators, will be available to answer any questions your staff may have regarding a specific shutdown or to provide additional copies of the schedule. Please contact Mr. Cheng (213-217-7500 or DCheng@mwadh2o.com) or Mr. Motavvef (213-217-6852 or AMotavvef@mwadh2o.com). If they are not available, please contact Mr. Keith Nobriga (213-217-6540 or KNobriga@mwadh2o.com).

A handwritten signature in black ink, appearing to read "B. Yamasaki", is located below the main body of text.
