

Note from the ACVA President – June 2024

**By Professor Charlotte Benson,
ACVA President**

Hello dear Friends of ACVA –

We hope this finds you and your families doing well during this Solstice season.

ACVA students and faculty are keeping each other especially busy this quarter! The Board and Faculty of ACVA are proud to present to you the two most recent graduates of the Jyotisha Ratna courses: Ms. Giulia Avvenzini and Mr. Jeffery Hutchens. Congratulations! Both graduates passed the courses and the examinations with distinction. It was a joy to observe their progress.

ACVA Faculty Emerita, Komilla Sutton was recently presented with a Lifetime Achievement award through AVG. Congratulations to one of my beloved teachers – very well deserved dear Komilla-ji!

We are very pleased with the level of dedication to Jyotish that everyone at the college is displaying. My personal belief is that the continuing conjunction of Jupiter and Uranus in transit signals a burgeoning interest in Jyotish and its many applications. Our scholarship program is still available – so please come and learn with us. And available to all, whether you are enrolled in our programs or not, in our Store, is superb content of past and current masters of Jyotish. Go to: www.acvaonline.org and into the Store there.

Please enjoy the thought-provoking articles in this edition of ACVA's Journal.

With all best wishes,

Professor Charlotte Benson (*Jyoti Devi*)
