

ACVA CEO's Letter - MORE GOOD NEWS!

Many of our students who have availed of our Dr. William Levacy Memorial Scholarship offer are now almost done with the 10 courses and are preparing to work on the Certification exams - what an accomplishment! Using the ACVA building block method of study, they have learned to synthesize attributes, which is so essential to reading horoscopes.

In honor of them, and others on their way, we at ACVA are happy to extend this special half-price Scholarship offer for some time more! Come evaluate our offerings on our website, and contact our Registrar if you have questions.

Today, we highlight our ACVA STORE. For those who love Vedic Astrology, and love to read or listen to lectures (no classes!), we extend to all readers of our Comet Newsletter, the facility to access and purchase from our ACVA store:

- Dr. William Levacy's online pdf of 'Beneath a Vedic Sky'. Peggy Levacy, wife of Dr. Levacy, has generously allowed the ACVA Store to present this amazing tome at a very reasonable cost to you, which is currently not easily available anywhere.*

- A Level 1 Jyotisha Ratna™ package of MP3s, with approximately 40 MP3s of highly regarded astrologers, who are well-wishers of ACVA. These recordings were made during the various ACVA Conferences held over the past few decades.*

- If you wish to test the waters of Jyotisha, you may purchase individual MP3s from the extensive list in our Store.*

· Our Certification examinations are available to all astrologers, who are ready to be certified by a world-class institution, the American College of Vedic Astrology! Exams are conducted by our distinguished Instructor, Gary Gomes, who has been recognized and certified by the Bharata Vidya Bhavan as an expert in Hindu Astrology. You may wish to purchase a guide book to the exam, to decide for yourself if you are ready.

· Upcoming additions: Dr J's fantastic Master Class series of 4 lectures on Ayurveda. If you missed the webinars earlier this year, soon you will get a chance to purchase this series. You can then opt to receive more information on his programs.

We would love to hear your thoughts on what you are looking for, from ACVA. Our goal is to provide you with what you want and need from ACVA.

All good news and more to come, onward and upward!

-
