

NOW OFFERING! *ON-SITE OPTOMETRIC CARE*

Contact your Care Coordinator to get signed up!

What we do during a routine visit:

In house visits ensure the comfort and convenience of residents, while eliminating the need for transportation to outside facilities. '

Our full-service optometry care is specifically geared towards our patients that reside at assisted living facilities along with long term care facilities including:

- Routine & Medical eyecare
- State approved same day electronic charts
- State of the art mobile equipment
- Detailed personalized care & treatment plans for each patient
- We handle all billing at no hassle to the facility
- Glasses prescriptions provided to every patient, when applicable, with purchase options
- Over 35 frames to choose from
- Customer service access to one of our dedicated employees

MEET THE DOCTOR

Dr. R. Wesley Mobley is a board-certified optometrist that offers eye care to residents of skilled assisted living and/or long-term care facilities. He has been offering services for over 20 years and is a member of the Georgia Optometric Association.
