# D.E.V.C.A. Framework

The 5-step framework aligns  
with the 8 Aspects from your  
Lumina Spark

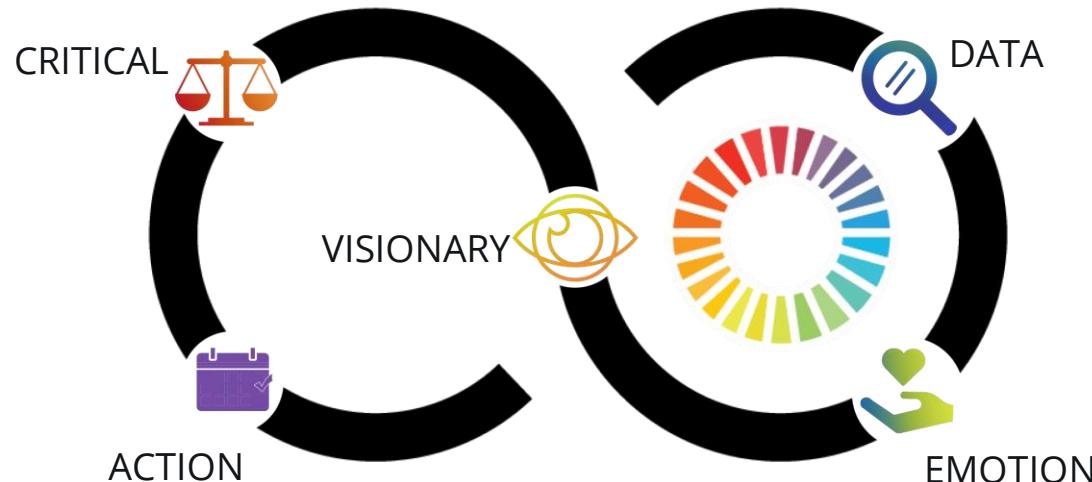

# Thinking Styles

Although our brains process through all these steps, we tend to approach conversations and problem solving from one or two of them.

What happens when we are working with people who have different thinking styles?

The D.E.V.C.A. Framework gives individuals the tools needed to honor and engage everyone.
