

# WV Project ECHO

## Moving Knowledge, Not Patients

**Workshop**  
Aug. 15, 2019  
11am-3pm

WV Project ECHO Workshop Sponsored By: WV Area Health Education Centers

Project ECHO® is a lifelong learning and guided practice model that revolutionizes medical education and exponentially increases workforce capacity to provide best practice specialty care and reduce health disparities through its hub-and-spoke knowledge sharing networks. Virtual clinics are conducted through the use of Zoom videoconferencing platform, allowing primary care providers to present de-identified patient cases to specialists and participate in didactic presentations.

## Workshop Objectives:

To provide background information on the ECHO model.

To inform attendees of the current offerings by WV Project ECHO.

Allow the attendees to meet and network with WV Project ECHO Hub and Spoke Members.
