Trauma Informed Care

Presenter:

Laneita Williamson, RN
Wake Forest Baptist Health

Tuesday, October 26, 2021

12:00 - 1:30 PM (EST)

About Trauma Informed Care?

Trauma Informed Care (TIC) promotes culture and diversity, provider knowledge, staff health, reduction of workplace violence, improvement of patient outcome and satisfaction, decreased hospital visits, decreased re-traumatization and forges cross-collaborative relationships between medical and community organizations to interrupt intergenerational transmissions of adversities and to improve upon large system issues, minimizing silo approaches to health or social needs.

Who should attend?

Pastors, Faith Community Lay Leaders, Counselors, Physicians, Nurses, Social Workers, anyone who works with at risk individuals

To register contact :

St. Mary's Department of Spiritual Care & Mission
304.526.1188 or email: greg.creasy@st-marys.org

About our Speaker

Laneita Williamson, is a licensed registered nurse in Winston-Salem, North Carolina and is affiliated with Wake Forest Baptist Health, an academic level 1 trauma center. She is a telehealth triage nurse for the HIV population in the infectious disease department, and has been a trauma informed care (TIC) educator since 2014. Laneita is certified as a traumatic brain injury specialist with additional clinical experience in trauma and general rehabilitation, neurosurgery, orthopedics, cardiology and post-surgical patients. She currently serves as a leader of an interdisciplinary trauma informed care and resilience team at Wake Forest Baptist Health and is a site manager for Forsyth County ACEs Connection Network
