## President's Corner

Nine days down since the PSO Board was announced and everything is full steam ahead. I am incredibly honored to be your PSO President for this inaugural year. The sense of leadership and community displayed by HUNDREDS of parents stepping up to volunteer and lead demonstrates our collective goal of making Great Hearts Lakeside all it can be and more. I am most excited by the idea of building our traditions from the ground up and utilizing each of our diverse personal and professional backgrounds to build the strongest experience for our children, families, and staff. This is a new campus and in the midst of a pandemic so I am guaranteeing snags along the way but promise to always provide transparent communication.

– Beth (Dodie & Alfie's Mom)
