

# Did you buy Lithium Batteries (“LIBs”) or certain products containing LIBs (“LIB Products”) in Canada between January 1, 2000 and January 1, 2012?

If so, you might be affected by a class action settlement reached with Panasonic Corporation, Panasonic Corporation of North America, Panasonic Canada Inc., and Sanyo Electric Co., Ltd. in the amount of USD\$6,295,000. The settlement is a compromise of disputed claims not an admission of wrongdoing, and is subject to court approval.

For more information about the settlement, your options in relation to the settlement, and deadlines for acting:
