

FAIRFIELD COUNTY MEDICAL FOUNDATION

Serving physicians and their patients

January 2018

The Fairfield County Medical Association recently established the Fairfield County Medical Foundation to distribute aid to Fairfield County doctors, patients and medical students. The three major categories of assistance are as follows:

1. **Patient Care:** Help those who live in underserved neighborhoods gain access to quality medical care Fairfield County.
2. **Impaired Physicians:** Help Fairfield County doctors overcome obstacles due to an addiction, dependency, emotional or behavioral disorder, or physical or mental illness. The goal is to help these physicians maintain their medical licenses while overcoming these obstacles.
3. **Medical Students:** The Lambros Siderides, MD Scholarship Fund provides loans to student residents of Fairfield County who attend a medical school located in Connecticut.

All donations are tax deductible.

Please give generously.

Thank you,
