

QuikDraw School of Allied Health Careers is a specialized training institution dedicated to strengthening and advancing the skills of healthcare professionals. We focus on targeted staff development through high-quality refresher courses in Medical Assisting (MA) and Phlebotomy, helping healthcare staff maintain competency, confidence, and compliance in fast-paced clinical environments.

Our programs are designed for working professionals who need practical, up-to-date training that aligns with current healthcare standards and best practices. In addition, QuikDraw offers a comprehensive Vaccine Administration course that equips staff with the knowledge, hands-on skills, and safety protocols required for effective immunization delivery.

By emphasizing skill reinforcement, regulatory readiness, and real-world application, QuikDraw School of Allied Health Careers supports healthcare organizations in maintaining a well-trained, reliable workforce. Our mission is to empower allied health professionals with focused education that enhances patient care, improves workplace efficiency, and supports career growth within the healthcare field.
