PROJECT MEND-A-HOUSE QUARTERLY UPDATE

Hello all, we at Project Mend-A-House want to thank all of you for your generosity. Without volunteers like yourselves we could not do the work that we do for the citizens of Prince William County. We want to share with you some of the projects that we are working on and have worked on the past couple of months.

At the end of April, First Baptist Church of Woodbridge Youth Group was a great help in reinstalling Deborah C.'s kitchen cabinets, stove and sink. She had a bad water leak and had to have her entire kitchen demo'ed and had been without a functioning kitchen for over a year. She now has a fully functioning kitchen!

In May, Keller Williams Realty Group came out to Peter and Janet W.'s home and did an amazing job with cleaning up and prepping the walls for paint, They painted the inside of the home, did front yard work and much much more. The clients are very happy. About a month later Gainesville United Methodist Church Youth Group helped finish the painting.

June was a busy month for PMAH, our Volunteers installed 10 safety grab bars for several clients. Our Volunteers finished repairing a basement ceiling, after they repaired a burst water line for a client.

Ralph M. and his team from Lutheran Church of the Covenant worked on a deck to bring up to County code. With help from members of Presbyterian Church of Woodbridge and Walter Reed Army Research Institute we installed a wheelchair access ramp for a young woman who till then, had to have someone take her in and out of her house.

Again, we want to thank all of you for your support and we look forward to working with you again.

Sincerely,

Talbot Abshire
Project and Volunteer Manager
