

COMMUNITY FORUM

MARCH 29TH, 2023

Cancer Care & Research Priorities for Older Adults with Cancer and Their Caregivers

You are invited to a forum to discuss cancer care and research priorities for older adults with cancer.

In collaboration with community partners, UBC School of Nursing and BC Cancer, the Cancer and Aging Research Engagement (CARE) team have conducted focus groups and interviews with nearly 90 British Columbians across the province about the care of older adults affected by cancer. This event will include a short presentation and a chance to talk and exchange views about the priorities identified through this work.

Refreshments and Light Lunch will be served

Registration: 9:00

Program: 9:30 am to 12 pm

March 29, 2023

950 West 41st Avenue

Vancouver
