DD ADVOCACY – 2024 LEGISLATIVE SESSION

2024-25 Funding Rebalance Priorities

✓ Regional Family Networks

\$1.5M General Fund to support the expansion of Regional Family Networks while continuing to maintain current service level funding for existing networks for the full biennium.

✓ Case Management Entities

\$6M General Fund investment with federal Medicaid matching funds and the \$4.8M ODDS Rebalance request will restore CDDPs and Brokerages to 95% of full funding for the second half of this biennium and will strengthen case management services for Oregonians with developmental disabilities.

✓ Direct Support Professional Wages

\$12M General Fund is needed to fully restore the intended 5% increase that was distributed unevenly resulting in a rate reduction for many. An additional 5% mid-biennium cost of living increase of \$16.96M General Fund is needed to sustain the workforce (\$20.35/hour average wage).

GO ONLINE Advocacy Workshop

Thursday, February 8, 2024 | 10AM to 12PM

For Self-Advocates, Family Members & Professionals to understand the legislative process, discover how to connect with your legislators, and learn about the Oregon DD Coalition's legislative priorities. To request the event link, email OregonDDC@gmail.com.
