

## Special 2021 Summer Hummer Sale

The **Summer Hummer** Thank you/Wish you were here...  
Mail Order Special Offering!

This is our time of year to send off our email offering of plants at special prices to say thank you for ordering in the past and to encourage you to yes, **ORDER AGAIN NOW!** Some plants are offered at **very reduced retail prices** and others are too few in numbers to list on the website. Most are new offerings and some are just plain really great plants we think you will find well worth adding to your collection.

**\*\*The sale is July 16, 17, 18 and you can pick up your orders then, if you plan on visiting. WE URGE EVERYONE TO BE VACCINATED.**

### Chysis limminghei

A beautiful species from Mexico in this popular Genus. Long pendant bulbs produce long soft leaves. Flowers spikes emerge from the new growths. Grows best warmer.

\$25.00

Very nice seedlings ready to pot on.

### Polystachya bella

One of the very best of this quite large Genus. Plant is quite miniature and presents distinctive erect flower spikes with showy orange-sherbet, upside-down flowers. Plants form round bulbs to make a dense clump.

\$20.00

Nice young seedlings.

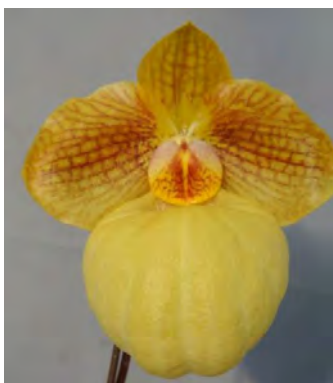

### **Cymbidium floribundum**

The true miniature Cymbidium species. Very petite plants with dark reddish flowers. Primarily from Yunnan China, this species also has some warmth tolerance.

\$25.00

Flowering size.

### **Paphiopedilum Fumi's Delight**

One of the most striking and beautiful of the Parvisepalum hybrids (armeniaceum x micranthum). Flowers will be yellow with red spider web overlay. Fantastic foliage. Can be grown in the home.

\$40.00

Very limited - Near Flowering Size.

### **Lycaste aromatica**

The most rewarding yet easy to grow Lycaste species. From Mexico, this plant is very temperature tolerant. Must have a dry winter season (deciduous).

\$55.00

Selected Extra Large flowering size seedlings bred by Cal-Orchid from superior cultivars.

Multiple new growths for this offering.

### **Dendrobium victoriae-reginae**

The true blue orchid. This spectacular species from the Philippines grows best in cool-intermediate conditions. Flowers come throughout the year.

Seedling  
\$20.00

These are bred from highly awarded parents.

Available as seedlings (\$20.00) or

**Select** large (5" pots) plants, award quality (\$125.00)

Select  
\$125.00

### **Slc. Cutie Girl 'Yoshiko' X Blc. Brunswick Gem 'Coral' (photo)**

A new standard Cattleya for coral-colored flowers. Two exceptionally beautiful flowers should produce fantastic flowers.

\$20.00

Nice seedlings in 3.25" pots.

Special 2021 Summer Hummer Sale *Cal-Orchid*  
INC.

### **Bc. Miracle Star 'Lime Cherry'** **BM/JOGA**

A first release of this beautiful novelty hybrid from Suwada Orchids. A cross of Bc. Carnival Kids X C. maxima. Will make fantastic specimens.

Limited Small meristems.

\$30.00

### **L. anceps 'Tierra del Fuego' AM/AOS X** **L. anceps 'SanBar Marble King'** **AM/AOS**

A proven cross to produce award quality seedlings from light pink to lavender flowers We are known for our L. anceps breeding and these will be fantastic.

Seedlings 2.25" pots.

\$20.00

or  
3/\$50

### **Maxillaria tenuifolia 'Yamada'** **AM/AOS**

New plants plants of this fantastic color form of Maxillaria tenuifolia.

\$20.00

### **Cym. Genevieve Bujold 'Jaybee'** **HCC/AOS**

A glorious cymbidium with huge arching spike habit and many yellow flowers, highlighted with bronze. This is an extremely showy variety.

Very nice flowering size plants.

Gallon pots.

\$60.00

### **Cym. Disney Girl 'Bert'**

For those who love the really unusual. Mustard standard flowers brightly covered with eye-catching red spots. Unlike any other cymbidium.

Flowering size plants in gallon pots.

\$45.00

### **Cym. tracyanum 4N**

A sibling of two very selected forms of this beautiful & highly collectable species. Ordinarily, that would be enough to light your fire, but here both parents have been converted to **tetraploid** for increased size, fuller shape and firmer texture.

\$50.00

Oh man! Can't wait to see them bloom.

Very nice plants. Established bulb/s and growth/s.

SPECIAL - Gallon pots - NEW RELEASE.

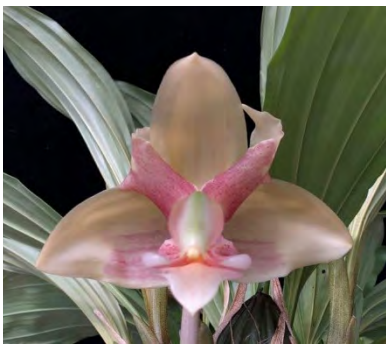

### **VF. Virgil**

A neat small novelty Vandaceous cross between V. cristata and Neof. falcata. Small flowers reminiscent of Neofinetia with dark lips and light green color of V. cristata.

\$15.00

Seedlings, not clones.

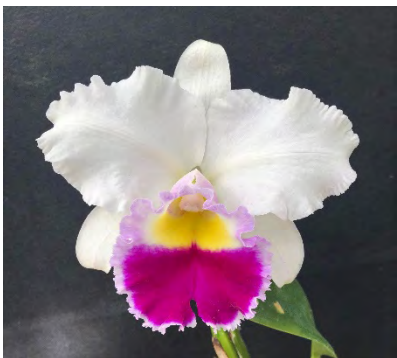

### **Stanhopea nigroviolacea v. albescens**

A very unusual variety of this spectacular and robust Mexican species. Large flowers with distinctive delicate coloring. Extremely fragrant. Best grown in a basket. Some leaves have been trimmed.

\$50.00

Limited - Nice divisions.

### **Pot. First Class 'Strawberry Milk' SM/JOGA X Lc. Melody Fair 'Carol' AM/AOS**

For all the cattleya lovers...perhaps the most beautiful of all Cattleya flowers is a fragrant, standard, semi-alba.

\$20.00

Near flowering size plants..

### **B. nodosa 'Susan Fuchs' FCC/AOS x SELF**

Susan Fuchs is still thought to be the finest form of the true B. nodosa. Flowers are huge, light green and white, and of course, very fragrant at night.

\$15.00

Will make great mounts.

Smaller but established seedlings in 2" pots.

Special 2021 Summer Hummer Sale

*Cal-Orchid*  
INC.

**Aer. Elro 'Mt. Anderson' SM/SAOC X  
Aer. spiculata**

Everyone knows the spectacular Aer. Elro, which are (regrettably) no longer available. Don't despair! These seedlings could be even better. Very long pendant spikes will carry an abundance of beautiful, white-peach starry flowers.

**\$35.00**

Very LIMITED. Seedling size 3" pots.

**C. Loddiglossa 'Honeyball' BM/AOS  
X C. Caudebec 'Linwood' AM/AOS**

For people who love pink, this cross is for you. Clusters of medium sized flowers in clusters. Rich pink color with red spots.

**\$20.00**

2.25" pot Seedlings ready to pot on.

**L. halbingeriana  
'Puesta del Sol' CHM/AOS X SELF**

These are nice plants of the newly described species from Oaxaca, Mexico which is very closely allied to Laelia superbiens and created quite a stir when we got the award. Now we have a few more for you. Quite tall spikes holding a dozen or more larger flowers. Shades of lavender with a large darker lip.

**\$35.00**

Very LIMITED – Nice Seedlings in 3.25" pots.

**GPTM. Starburst 'Parkside' AM/AOS**

(Galeottia fimbriata x Zygo. Jumpin' Jack)

Everyone loves Zygos but you don't see many options available. Finally, a nice warmth tolerant Zygo. hybrid that you can grow with Cymbs or not! Often blooms twice a year and yes, it is fragrant.

**\$20.00**

Nice meristems 2.25" pots.

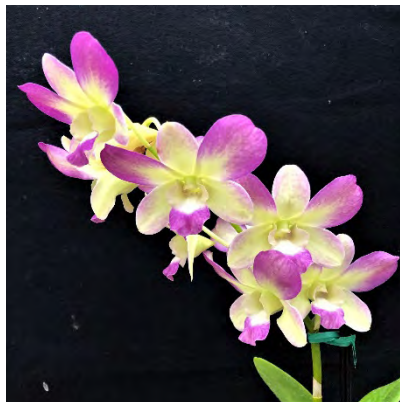

### **Platycerium alcicorne**

Everyone loves our collection of platycerium ferns these days! Here is one of the nicest of the African species of Platycerium. Large very flat shield fronds put forth many pups to form beautiful symmetrical specimens.

**\$75.00**

Warm growing. Very nice mounts.

### **Den. Valley Isle 'Sunshine' FCC/AOS**

A really fantastic Dendrobium hybrid which grows easily and is almost always in bloom. Light green flowers overlaid with dark pink suffusion. Blooms are extremely long lasting.

**\$25.00**

Flowering size, some initiating spikes!

### **Dendrobium hekouense**

A wonderful mini miniature orchid that will make great terrarium plants. Grows on the undersides of tree branches. From Yunnan, China at elevations of 1,000-2,000 meters

**\$25.00**

Near flowering size.
