The Honorable Dick Durbin  
Minority Whip  
United States Senate  
711 Hart Senate Building  
Washington, DC 20510

Dear Senators McConnell, Cornyn, Schumer and Durbin,

The undersigned organizations and individuals write to strongly urge the Senate to consider comprehensive legislation to address the opioid crisis before August. It is important that any measure include the full-spectrum of prevention, treatment and recovery efforts in order to adequately address the opioid misuse and overdose epidemic.

We are grateful for your leadership and the considerable time Congress has dedicated to addressing this issue, and we share your interest in passing meaningful legislation this summer with enough new funding to have a significant impact on the opioid epidemic.

There is an urgent need for Congress to swiftly send legislation to the President to implement important policies to prevent and treat opioid misuse and addiction, support people in recovery, and reduce overdose deaths.

The House has acted, and now we ask for the Senate to act as well. The cost of the opioid epidemic is too high to defer consideration of legislation. Every day that we put off action, we leave hundreds of thousands without treatment and recovery and put thousands of lives at risk.

We respectfully ask that the Senate to take up a comprehensive legislative package addressing opioid and substance misuse expeditiously, so that legislation to meaningfully curb the opioid epidemic can be signed into law at once.

Sincerely,
