This week the Federal Housing Finance Agency announced the conforming loan limit for single-unit homes will increase from \$726,200 to \$766,550 in 2024. This increase reflects the continued rise in home prices the market experienced in 2023.

If you have any questions about what this means for your clients or about any of the mortgage solutions below please don't hesitate to reach out!

**Payments do not include taxes or insurance. Your payment will be greater.**

1. Annual Percentage Rate. Rates effective publication date and subject to change without notice. Rates quoted assuming taxes escrowed. All examples of "Conforming" loans for Fixed and Adjustable Rate programs provide rates applicable for conforming loans on single family properties; all monthly payment examples for "Conforming" loans are based on a loan amount of \$726,200 with 25% down payment. All examples of "Jumbo" loans for Fixed and Adjustable Rate programs provide rates applicable for non-conforming loan amounts on single family properties; all monthly payment examples for "Jumbo" loans are based on a loan amount of \$1,000,000 with 40% down payment. Monthly payment examples do not include taxes, insurance or any applicable condominium or HOA fees; your payment will be higher. For all adjustable rate loans, APR may increase after consummation. Subject to credit approval; terms and conditions may apply.

2. The Fully Indexed Rate and APR is calculated using the applicable indexed interest rate as of the publication date and the proposed margin. Because the applicable index may change over time, the Fully Indexed Rate and corresponding estimated payment for the Fully Indexed Rate, as well as APR, may also change during the referenced term. Please note that if the indexed interest rate increases, Fully Indexed Rate and corresponding payment estimate, as well as APR, will also increase.

3. If a percentage listed in the "Points" column, the initial interest rate quoted requires a one-time payment at closing equal to your loan amount multiplied by the percentage below to obtain the stated interest rate. If you do not wish to pay these up-front discount points, the actual interest rate you may receive will be higher. Please contact a Leader Bank loan officer for more information.

4. Adjustable Rate Mortgage. After the fixed period rate of 84 months for the 7/1 ARM, the rate will adjust every 12 months to a rate equal to (a) the index rate of the UST index plus (b) a margin of 2.75%. These adjustments are subject to an initial adjustment cap of 2% over the initial rate, a subsequent cap of 2% over the most recent rate, and a lifetime cap of 6% over the initial rate. Please contact a Leader Bank loan officer for more information.

5. Adjustable Rate Mortgage. After the fixed period rate of 60 months for the 5/1 ARM, the rate will adjust every 12 months to a rate equal to (a) the index rate of the UST index plus (b) a margin of 2.75%. These adjustments are subject to an initial adjustment cap of 2% over the initial rate, a subsequent cap of 2% over the most recent rate, and a lifetime cap of 6% over the initial rate. Please contact a Leader Bank loan officer for more information.

6. To qualify for the First Time Homebuyer Special, (a) all borrowers and property owners must meet Fannie Mae requirements to be a first-time homebuyer (in most cases, must not have owned any residential property in the past three years) and (b) income must be no greater than 100% of the area median income (or 120% of area median income if property is in a Fannie Mae high-cost area). For more information on qualification requirements and alternative rate options, please contact your Leader Bank loan originator.
