

Bobbi Kaelin is the Mayor of Happiness at PayPro Administrators, a TPA and payroll service company that provides services for brokers and their employer-clients, including FSA, HRA and other account-based plans, Plan Documents, Form 5500 filing, 1094 and 1095 Prep and filing, COBRA, Direct Billing, Consolidated Billing and more. PayPro does not offer any insurance products and works exclusively broker and their clients – so they will never compete with you or take your clients!

She has been with the company 30-something years, and during her reign of terror, she has worked in client and broker services, marketing, compliance, and plan design. She is a Continuing Education Provider (DOI) and speaks to audiences on topics that are super boring – but somehow, she makes it fun. As a side note, she often thinks she is funnier than she really is...so get out your coffee if you're in a 3-hour course.

She is a proud member of NABIP, CA-HIPSTERS, and LAAHU – or whatever the name of that chapter may be! At LAAHU, she holds the highly coveted and prestigious position of Past president. Bobbi lives with her husband, and a silly pup named William Cooper, aka Billie.
