**CIRCLE OF IMPACT** is a group of current and former business leaders and concerned individuals who are standing up for Dress for Success Palm Beaches with a monetary pledge that's delivering myriad benefits for the more than 600 women served each year by the organization. Dress for Success is probably best known for providing the head-to-toe attire for those heading to a job interview, then gifting a full week's wardrobe when hired. But, beyond the clothing our services include:

- Job Readiness Courses
- Mentoring
- Career Coaching
- On-going Professional Development
- Networking

The empowerment of women, with an end goal of economic independence, informs everything we do. We have a proven record of success with our clients and are dedicated to continuing our mission. The Dress for Success experience is transformational as we help peel away the layers of frustration, insecurity, uncertainty and self-doubt to build up confidence, motivation and self-esteem.

**THE WOMEN WE SERVE** are referred to us by leading social service agencies and their caseworkers. These are individuals who struggle with issues such as poverty, homelessness, addiction recovery, domestic abuse, and mental or physical disabilities...women who've lost their jobs, were formerly incarcerated, or had to take time out from their professional life because of a loved one's or their own personal health issue. Some are newly divorced or new to Florida without a clue where to turn in their employment search. We work with aspiring entrepreneurs and those who know they have the potential for higher paying positions.

**YOUR SUPPORT** of Circle of Impact is acknowledged in a number of ways. A distinctive plaque in the reception area of our headquarters and "boutique" features the names of Circle members. Updated annually, it's a highly visual statement of appreciation for your valued act of generosity. Additionally, to underscore our thanks, you'll be invited to programs exclusive only to Circle members, and extended select "freebies" to some of our ticketed events.
