### Introduction:

Promise Partners formed in 2008 to ignite the power of collaborative action to achieve the mission ***“Empowering a caring community that promises the well-being of every child in Pottawattamie County.”*** We are the cross-sector community board with public-private partnerships. We are committed to bring diverse stakeholders together to collaborate toward a common agenda and support a shared course of action.

We are currently leveraging over 1.8 million dollars into our county as the designated Early Childhood Iowa area (ECI), Decategorization Board (formal child welfare and juvenile justice system), Community Partnerships for Protecting Children (CPPC), Prevent Child Abuse, and Maternal Infant Early Childhood Home Visitation (MIECHV) serving Pottawattamie County. Our Board of Directors subcontracts and monitors the direct services for these funds. Without Promise Partners, these resources would not be available to our community.

Promise Partners' role as the overarching coordinating board is to convene partners to raise awareness, align current efforts, identify gaps, identify evidence-based strategies, establish the data and communication hub, and seek additional resources.

Promise Partners objective is to promote practice and policy solutions that drive aligned action to achieve our mission in an effective and efficient manner for an empowered and thriving community.
