### **Fall 2025 JDSF Forest Management Plan Public Meeting Schedule**

The California Department of Forestry and Fire Protection (CAL FIRE) presented the pre-draft Forest Management Plan for the Jackson Demonstration State Forest (JDSF) during a facilitated discussion with the Jackson Advisory Group (JAG) on Monday, September 22, 2025. Feedback received from the JAG and public will help guide continued improvements to the plan.

“Public and tribal input is essential to shaping the future of the Jackson Demonstration State Forest,” said Kevin Conway, Demonstration State Forest Program Manager. “The comment period provides an important opportunity for communities, tribal partners, and stakeholders to share their knowledge, perspectives, and priorities, ensuring the management plan reflects both local values and long-term stewardship of the forest.”
